

Academic Calendar & Deadlines

Winter 2004

1

October 31

- Registration entry schedule for winter posted to Registrar's Office web site

November 3

- Deadline to apply for winter reenrollment; see **Eligibility**

November 17-26

- Initial registration for winter

November 17

- Advising meeting for new undergraduate students; see **Academic Advising**

December 1

- Undergraduates may enroll for more than 18 credits; graduate students may enroll for more than 16 credits
- Community Education Program (CEP) registration opens

January 1

- 1st tuition installment due (1/3 of assessed tuition, plus current and past-due balance)

January 2

- Financial aid disbursement begins; see **Financial Aid**

January 4 Last day to:

- Drop or reduce credits and receive a 100% tuition refund
- Advising meeting for new undergraduate students; see **Academic Advising**

January 5

- Classes begin

January 12 Last day to:

- Drop a class without a mark of 'W'

January 14 Last day to:

- Add a class/process initial registration
- Change from audit to credit or credit to audit

January 16 Last day to:

- Apply for winter 2004 undergraduate or graduate degrees
- Deadline to apply for spring 2004 undergraduate degree

January 18 Last day to:

- Drop or reduce credits and receive an 85% tuition refund

January 19

- Martin Luther King Jr holiday; classes are not in session

January 25 Last day to:

- Drop or reduce credits and receive a 50% tuition refund

February 1 Last day to:

- Drop or reduce credits and receive a 25% tuition refund; no refunds after today

February 6

- Last day to submit doctoral final oral defense application to Graduate School
- Deadline to apply for spring reenrollment; see **Eligibility**

February 1

- 2nd tuition installment due (1/3 of assessed tuition, plus current and past-due balance)

February 16

- Course offerings for spring 2004 available

February 20 Last day to:

- Drop a class with a mark of 'W'
- Change grade options (Graded or P/N)
- Change variable credits

February 23-March 5

- Initial registration for spring 2004

February 27 Last day to:

- Submit Masters Statement of Completion to Graduate School
- Complete final oral defense of doctoral dissertations

March 1

- 3rd tuition installment due (1/3 of assessed tuition, plus current and past-due balance)

March 9 Last day to:

- Submit Doctoral/Master theses and dissertations
- Submit Doctoral Certificates of Completion

March 15-19

- Final examinations

March 22 (Monday, noon)

- Deadline for instructors to submit winter grades

March 22-26

- Spring vacation

March 29

- Spring classes begin

The *Schedule of Classes* is published quarterly by the Office of the Registrar, 5257 University of Oregon, Eugene, OR 97403-5257, (541) 346-3243. (gfreeman@oregon.uoregon.edu). In compliance with the Americans with Disabilities Act, this publication can be made available in alternate formats. Contact the Office of the Registrar, (541) 346-2937.

The *Schedule of Classes* provides a list of classes offered and informs you of important registration policies and procedures. While it is the intent of the University to offer all classes listed in the schedule, some courses may be changed or cancelled. The information in the booklet may change without notice, and is not a contract between the University and current or prospective students. Academic departments may make schedule changes after you have registered, so check *DuckWeb* for your up-to-date schedule.

Student Record Confidentiality

The University of Oregon is committed to the privacy and security of our students. The Student Records Policy outlines the policies established by the university to maintain the confidentiality of students' educational records. The University of Oregon Student Records Policy complies with the Family Educational Rights and Privacy Act (FERPA) - sometimes called the Buckley Amendment - which provides guidelines for maintaining the confidentiality of educational records and monitoring the release of information from those records.

Students' Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights regarding their education records. They are:

The right to inspect and review the student's records. The student may request to review his/her records by submitting a written request to the registrar or other school official having custody of such records;

The right to seek amendment of the student's records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights. Requests for amendment of records must be in writing and must describe the specific portions of specific records(s) the student wishes to have amended, text or instructions as to the change desired, and the reasons why the change is justified;

The right to restrict the disclosure of Directory Information;

The right to file a complaint with the Department of Education's Family Policy Compliance Office concerning alleged failures by the university to comply with the requirements of FERPA.

Definition of Education Records

Education records are those records directly related to a student maintained by the University or by a party acting for the university.

Release of Education Records

Except as provided in FERPA or other applicable law, the University will not disclose personally identifiable information from a student's education records unless the student provides a written release containing:

1. What information is to be released
2. To whom the information is to be released
3. The purpose for which it is to be released
4. The student's signature and the date signed

Faculty and staff are responsible for protecting the identity of students and keeping student grades confidential. Grades or evaluations linked to personal identifiers (names, UO Id numbers, or social security numbers) may not be publicly disclosed. Grades or evaluations may be posted only by using randomly generated codes or numbers. The return of graded papers or other assignments must also be accomplished in a manner that protects the identity of the student.

Some records created and maintained by the University, although not covered by FERPA, may be subject to other federal and state statutory disclosure requirements.

The exceptions under FERPA which allow the University to disclose personally identifiable information from a student's education record are stated in the full text of the University of Oregon Student Records Policy, available at the web address given below. The most common exceptions to disclosure restrictions are disclosures to university faculty or staff with a legitimate educational interest or disclosure of personally identifiable information designated as Directory Information.

Definition of Directory Information

Directory information includes a student's full name, mailing and permanent address(es) and telephone number(s), e-mail address(es), the fact that the student is or has been enrolled, enrollment status (e.g., full-time, half-time or less than half-time), class level and major/minor, dates of attendance, degrees, honors or awards received, cumulative credit hours, participation in officially recognized activities, and, for graduate teaching fellows, status as a graduate teaching fellow and teaching assignment.

Directory Information Restriction

Students may choose to restrict release of their Directory Information. When the release of Directory Information is restricted, the fact that an individual is currently a student, or has ever been enrolled at the University of Oregon, will not be released.

Once a student restricts the release of Directory Information, in order to conduct any business with the university, the student will need to go in person to the office involved, with photo ID, or, via mail or fax, provide a written request for release containing the following:

1. What information is to be released
2. To whom the information is to be released
3. The purpose for which it is to be released
4. The student's signature and the date signed

No information will be provided via telephone. No information will be provided to anyone - parents, relatives, friends, other students, or prospective employers - who may wish to contact the student or verify student status at the university, without a written release from the student containing the elements listed above.

Restricted Directory Information is made available only where an emergency is involved, at the direction of a court order, or to University of Oregon staff and faculty with a legitimate educational need to know.

Submitting a Directory Restriction request

A Restriction of Directory Information form is available in the Office of the Registrar, 220 Oregon Hall. Complete the form, including signature and date, and return it in person. Photo identification is required.

A request to place or remove the restriction is effective no later than two working days after it is received in the Office of the Registrar. The form must be submitted during the first week of fall term to prevent publication of information in the Student Directory booklet, published by the Erb Memorial Union.

NOTE: Submission of a Directory Restriction form does not affect directory information already published or released.

Duration of the restriction

The restriction of information is permanent until the student requests, in writing, that it be removed. The restriction will remain in place even after the student has stopped attending or has graduated from the university.

The information provided in this publication is for informational purposes only. The complete text of the University of Oregon Student Records Policy, which takes precedence over all other published versions, is available at http://arcweb.sos.state.or.us/rules/OARS_500/OAR_571/571_020.html

Inquiries regarding confidentiality of student records should be addressed to the Office of the Registrar, 220 Oregon Hall, 5257 UO, Eugene, OR 97403-5257, (541) 346-2937.

Student Record Confidentiality

Winter 2004

5

UO Id Number

Your University of Oregon identification number is either a generated number with the beginning digits '950,' or your social security number. You are notified of your UO Id number at the time admissions documents are sent. The UO Id number will not be released over the telephone; you may come to the Office of the Registrar with photo identification for your Id number.

Oregon University System (OUS) Social Security Number Disclosure Consent Statement

You are requested to provide voluntarily your Social Security Number to assist OUS (and organizations conducting studies on behalf of OUS) in developing, validating, or administering predictive tests and assessments; administering student aid programs; improving instruction; internal identification of students; collection of student debts; reporting under the Tax Relief Act of 1997; or comparing student educational experiences with subsequent workforce experiences. When conducting studies, OUS will disclose your Social Security Number only in a manner that does not permit personal identification of you by individuals other than representatives of OUS (or the organization conducting the study for OUS) and only if the information is destroyed when no longer needed for the purposes for which the study was conducted. By providing your Social Security Number, you are consenting to the uses identified above. This request is made pursuant to ORS 351.070 and 351.085. Provision of your Social Security Number and consent to its use is not required and, if you choose not to do so, you will not be denied any right, benefit, or privilege provided by law. You may revoke your consent for the use of your Social Security Number at any time by contacting the Office of the Registrar, 220 Oregon Hall.

Personal Access Code

All students have a Personal Access Code (PAC). PACs help to ensure the security of academic records, serving a similar function as the personal identification numbers used with automated bank teller machines.

- If you have previously registered at the UO, the PAC number you used is still valid.
- New undergraduates receive their PAC from their faculty adviser prior to registration. See **Academic Advising** for advising meeting information.
- New graduate students are mailed a PAC as part of the admissions process.
- New non-admitted students will receive a confirmation of eligibility letter, which includes a PAC and UO Id number, once a *Registration Eligibility* form has been received and processed.

You will have only one PAC while attending the University of Oregon, but you may change it as often as you wish. You should keep your PAC in a safe place.

The first time you log on to *DuckWeb*, you will be asked to activate a personal security question and answer, to be used in the event that you forget your PAC.

If you've lost or forgotten your code after you've already set your security question, enter your UO Id number, then click the 'Forgot PAC?' button and answer the security question you originally provided. If you have additional problems, contact the Office of the Registrar for assistance. Bring your photo Id with you if you visit in person.

If you wish to change your PAC, you may do so on *DuckWeb* by selecting the Change PAC option from the Personal Information menu.

Because *DuckWeb* provides access to personal information about you and your academic records, you are strongly urged not to share your UO Id number or PAC with other students or family members.

Addresses

The University maintains two primary addresses for each student: Bills and general correspondence are sent to the *mailing* address. It is typically a local area address. This address is set by University Housing for those students who live in residence halls and family student housing/apartments. The *permanent* address is a permanent home base, often a parent's address. Students may designate an alternate billing address on *DuckWeb*.

You may verify and/or update your addresses using *DuckWeb* or by contacting the Office of the Registrar.

UO Id Cards

UO Card Office, 12 EMU, 346-3113

A photo identification card is issued to each new student free of charge at the initial term of registration. There is a fee for ID card replacement.

Photo Id is required in all administrative offices. It allows you to use certain University services, including the library, physical education facilities, Student Health Center, and check cashing at the EMU, as well as Lane Transit District (LTD) bus services.

Student Enrollment Verification

Three times each term the UO sends a status report for all enrolled students to the National Student Clearinghouse (NSC). The NSC then provides enrollment status and deferment information to lending agencies, and notifies the agency that it can communicate directly with the NSC to confirm future enrollments. Individual student loan repayment deferment requests received are mailed to the NSC for processing.

During fall term 2003, NSC will also begin providing degree and enrollment verification services.

If you have questions about the status of your deferment requests, or the NSC, contact the Office of the Registrar, 220 Oregon Hall, 5257 UO, Eugene, OR 97403-5257, (541) 346-3243.

Courses taken concurrently at another institution must be verified by the other institution.

Before You Register

Eligibility

Admitted undergraduates who have not earned a degree, and Community Education Program (CEP) students, may reenroll at the University within a year of their last attendance without filing a reenrollment application.

Admitted Undergraduates & CEP students

Admitted undergraduate, non-admitted undergraduate (CEP), and non-admitted graduate (CEP) students who have been enrolled any term during the past year are eligible to enroll for winter term 2004 without submitting a reenrollment application.

Reenrollment

- Admitted undergraduate students who have not graduated, and did not attend during the last calendar year, must submit an application for reenrollment.

Students should file a Reenrollment Application one full term prior to their planned return in order to register at the same time as other continuing students. Reenrollment application forms may be downloaded from registrar.uoregon.edu. They may also be picked up in the Office of the Registrar, 220 Oregon Hall, or mailed by contacting the Office of the Registrar at 541-346-2937.

- CEP students, both undergraduate and graduate, who did not attend in the last calendar year, should file an intent to register form at center.uoregon.edu/cep/. See additional CEP information under **Community Education Program**.

Admitted Graduate Students

Graduate students currently enrolled fall 2003 are eligible to enroll for winter.

Reenrollment

Continuing graduate students who are not enrolled fall 2003 must file a Permission to Reregister form with the Graduate School in order to enroll for winter.

New Students

Newly admitted students must consult with an adviser before registration. See **Academic Advising** for information.

Students who wish to delay their admission and enrollment should contact the Office of Admissions immediately to update their admission term.

Students who have already registered for classes but decide not to attend, should see the procedures for **Complete Withdrawal**.

Registration Holds

If you have a past-due financial account, a registration hold may block you from registering.

You are informed of holds when you attempt to register, and referred to the appropriate department(s). You may check for holds on the *DuckWeb* Student menu; click on 'View Holds.' Please note this information before logging off.

Checking Your Account Balance

DuckWeb displays your complete account status, along with any outstanding amount due. The account balance may not reflect charges assessed on the day you check.

Academic Advising

364 Oregon Hall, 346-3211
advising.uoregon.edu

The UO recognizes the importance of sound academic advising as one way to assist you with making good academic decisions and meeting educational goals. Academic advising is available to you through your academic department and at the Office of Academic Advising. You are encouraged to meet regularly with an adviser for assistance with understanding general education and major requirements, and for academic planning and problem-solving.

New Undergraduate Students

If you are a new student, you must participate in an advising orientation workshop and meet with your major department before receiving your Personal Access Code (PAC). The PAC is required for registration. As part of the admissions process, you will receive information about attending an advising orientation program. See the **Academic Calendar** for date(s).

Returning & Continuing Undergraduates

If you do not have an adviser or if you wish to change advisers, consult with the Advising Coordinator of your academic department. See advising.uoregon.edu for a directory of advising coordinators. The Office of Academic Advising is the home department for undeclared students and provides centralized advising support for all students.

Advising Resources

Degree audits and transfer evaluations are available on *DuckWeb*. These documents, along with the *Student Handbook* and *UO Catalog* are important advising tools.

If you are interested in pre-professional and unaffiliated programs, you are encouraged to seek guidance from the following advisers:

Education Careers Advising Team	Susan Hardwick	153 CON
Medicine, Medical Technology Podiatry, Physician Assistant, Optometry Veterinary Medicine, Dentistry	Karen Cooper	364 OR
Nursing, Occupational & Physical Therapy	Hilda Young	364 OR
Pre-Engineering	David Strom	440 WIL
Pre-Law, Pre-MBA	Jack Bennett	364 OR
Pre-Master's Social Work	Leslie Hall	364 OR
Pre-Pharmacy	Jim Long	175 ONY

New Post-Baccalaureate Students

If you are pursuing a second Bachelor's degree, contact your major department for academic advising.

New Graduate Students

New graduate students should contact your major department before registration for assignment of an adviser and a review of requirements.

Community Education Program (CEP)

You are invited to the Office of Academic Advising for assistance with program planning.

Before You Register

Winter 2004

7

Declaring a Major or Minor

Some academic departments limit classes to majors and/or minors in their departments, or restrict the registration dates so majors and minors are given priority in specific classes. A student planning to graduate in a major department or with a minor must contact the appropriate academic department for acceptance to their program. Complete a *Request for Addition of Major/Minor/Professional Objective* form and take it to the appropriate department for approval. In order to clear major or minor restrictions the form must be returned to the Office of the Registrar before the beginning of the initial registration period.

Major or minor degree requirements become effective at the time you declare and are accepted by the academic department. Upon completion of the term of graduation, the department must certify that you have fulfilled the department degree requirements.

Placement Examinations

Testing Center, 238 University Health & Counseling Center
346-3230

www.uoregon.edu/~testing

ETS Computer-Based testing, 346-2772

The examinations described below should be taken *before* meeting with your adviser. Contact the Testing Center for additional information.

Mathematics

New students receive an initial placement based on their SAT or ACT-Math score:

SAT-Math	ACT-Math	Placement Recommended
460 or below	20 or below	MATH 070
470 to 540	21 to 24	MATH 095
550 or higher	25 or higher	MATH 105 or MATH 111

Students who are satisfied with their placement based on SAT/ACT-Math scores are not required to take a math placement test. If you feel that your SAT/ACT-Math score underestimates your math abilities there are two versions of the Math Placement Test that you can take to demonstrate readiness for a higher level class. *Calculators are permitted for the Math Placement Test.*

For additional information, contact the Testing Center.

Foreign Languages

Students planning to continue a foreign language taken in high school should take an exam before registering to determine first or second year placement in language classes. The Germanic Languages & Literature department requires all students who have not completed the first year of college-level German at the UO to take the German placement exam.

Students who have received credit through AP, IB, or CLEP exams are not required to take the placement exam and should see the appropriate department for advice.

Registration Hours

DuckWeb is available 24 hours a day except as follows:

- Friday evenings from 7-11 p.m.
- Sunday mornings from 8-9 a.m.
- Second weekend of each month for maintenance and upgrades

Registration Priority

Your registration time is determined by your total credit hours, earned through summer 2003, and the last three digits of your UO Id number. Note: registration times are based on your *completed* credits and do not include courses in progress as earned credits.

To determine your registration time, log on to *DuckWeb* and select the 'Student' menu. Then select the 'Registration' menu, followed by 'Check Registration Eligibility.' Your registration time and day will be displayed. You may also check the PDF chart on the Registrar's web site at registrar.uoregon.edu.

If you have questions, contact the Office of the Registrar for assistance.

DuckHunt

DuckHunt is an easy-to-use on-line schedule of classes, updated hourly through the registration deadline. Class size, number of available seats, prerequisites, and registration restrictions are identified for each section. Use either the *DuckWeb* link, the link "Class Schedule" on the UO home page, or connect to *DuckHunt* at duckhunt.uoregon.edu

Preauthorization

(Adding Classes Requiring Registration Approval)

A check symbol (✓) to the right of the CRN in the printed schedule indicates that you need department or instructor approval before you may enroll in the class. Contact the academic department for course requirements. Once the department has authorized you to enroll, you must add the class; **your registration is not complete until you have added the class on *DuckWeb*!** Instructors or departments cannot register you for a class.

If you experience problems registering in a class for which you have been preauthorized, contact the department or the Office of the Registrar. Always confirm your registration after processing changes.

Registering for Classes

Enrollment/Study Load Limits

The minimum full-time study load is 12 credits for undergraduates and nine credits for graduate students; the half-time study load for undergraduates is six credits and for graduate students is five credits.

International students should contact the Office of International Programs, 330 Oregon Hall, 346-3206, regarding INS regulations for the minimum number of credits required in a given term.

Undergraduates

Undergraduates in good academic standing may enroll for up to 18 credits during the initial registration period.

Beginning December 1, students may add credits to a maximum of 21 credits, without adviser approval. Students in good academic standing may register for 22 to 24 credits with written adviser approval. If you wish to enroll for more than 24 credits, you must submit a petition to the Academic Requirements Committee. Contact the Office of the Registrar for additional information.

Undergraduates on academic probation may register for no more than 15 credits.

Graduates & GTFs

Graduate students may enroll for up to 16 credits during the initial registration period. Beginning December 1, students may add to a maximum of 18 credits.

If you wish to enroll for more than 18 credits you are required to submit a petition to the Graduate School. Contact that office for additional information.

Admitted graduate students must enroll for a minimum of three graduate credits per Graduate School regulations. Graduate Teaching Fellows (GTFs) must be enrolled in an advanced degree program and must register for and complete a minimum of nine graduate credits a term. Audit hours do not count toward the nine credits; failure to complete the minimum credits each term may nullify an appointment. Contact the Graduate School, 346-5129 for additional information.

Adding Classes

An add is defined as *any* class registration, regardless of when it takes place. See the **Academic Calendar** for deadlines.

Note: Certain programs may have shorter deadline policies. When considering adding a class, students should review the course notes in the *Schedule of Classes* for add deadlines. If not specified by the academic department, the deadline to add follows the academic calendar.

Classes may require department or instructor consent in order to register, or have other restrictions which block ineligible students. See **Preauthorization**. Academic departments may refuse registration to unqualified students. Check the class listing in the *Schedule of Classes* and the *UO Catalog* for class eligibility requirements. **If you do not qualify for a class in which you register, you may not be permitted to register or be required to officially drop the class.**

DuckWeb will not permit you to register for a class time which conflicts with another class in your registration. You are also encouraged to review the final examination schedule for conflicts or multiple examinations.

Mandatory Attendance Requirements

Academic departments may require students to attend the first and/or second meetings of designated classes. These classes are identified in the *Schedule of Classes* with an 'A' in the "Notes" column. If you do not attend the first two sessions of these classes, the academic department may give your seat to another student and you will be required to drop. You are responsible for dropping the class; there is no automatic drop. The university refund schedule applies.

+ DIS and + LAB Sections

Some lecture classes require you to enroll in an associated non-credit discussion, laboratory, or activity section with titles such as +Dis or +Lab.

For these classes, register only for the noncredit section. **You will be automatically registered for both the lecture and the associated section.**

For drops and grading option changes, the lecture and its associated noncredit section are dropped or have grading options changed together. **Note: a credit change to a variable-credit course works differently; you may use only the lecture CRN to make a change in credit, since only the lecture carries credit.**

When a Class is Full

You may use the 'Search for Open Sections' option of *DuckWeb* to locate another class that might fit your schedule.

If no open sections are available, you may contact the instructor for permission to add the class. If permission is granted, contact the academic department office for preauthorization information. Once preauthorization is approved you must then complete your registration on *DuckWeb*. **You are not officially registered in the class until you have processed a registration transaction.**

Exchanging Sections

Use this *DuckWeb* function when you want to change to another section or course, but you don't want to give up your seat in one class unless the new section is available. If space is available, and you are eligible to add the requested class, both the drop and the add are processed in a single transaction. You may also use this function to change sections if you're enrolled for the maximum allowable credits. Note: A 'W' will be recorded on your academic record for each class dropped after the 6th class day, regardless of whether you are re-adding another section of the same course.

Change Term

You may process registration changes for multiple terms in one *DuckWeb* session. If you are eligible to register for more than one term, you must select the term for which you wish to make registration changes.

DuckWeb

DuckWeb is an interactive internet application which allows students access to view, update, or print personal student data and registration, including:

- Transact registration, including add, drop, search for open sections, grade option change, variable credit change, exchange section
- View your class schedule(s)
- View or update your address information
- View your financial aid information
- View your financial account
- View any holds you may have
- View your general student information
- View your term grade report
- View your degree audit
- Select your degree (B.A. or B.S.)
- View your transfer evaluation(s)
- View your unofficial transcript
- Order official transcripts
- Apply for your undergraduate degree
- View your degree application status
- Change your PAC (Personal Access Code)

What You Need to Access DuckWeb

You will need a web browser that supports 'cookies.' Netscape Navigator or Internet Explorer versions 4.x or higher is required.

Once connected, you'll need to enter your UO Id number and PAC (Personal Access Code) to login.

Listing Open Sections

On *DuckWeb*, use "Search for Open Classes" in the Registration Menu to find open courses. You can search by subject, start time, day, general education requirements, or combinations of these elements. To register for an open section, check the box beside the course, scroll down, and click on the "Register" button.

Variable Credit Courses

***DuckWeb* automatically selects the lowest credit if a class is offered for variable credit.** If you wish to change the credits of your class, click 'Change Variable Credit/Grading Option' at the bottom of the page.

It is your responsibility to obtain instructor and/or departmental approval before you change variable credits. See the **Academic Calendar** for deadline dates. Remember to review your class schedule to confirm that the changes you make are correct.

You may change variable credit only in credit-bearing classes. If a variable credit lecture class has a noncredit laboratory, discussion, or activity section associated with it, use the lecture CRN to make credit changes.

Note: When variable credits are reduced, tuition refunds meet the same criteria as dropped courses. You may owe partial tuition if you do not reduce credits before the 100% tuition refund period ends.

Grading Options

***DuckWeb* automatically selects the graded option for classes where variable grading is available.** If you wish to select the Pass/No Pass option, click 'Change Variable Credit/Grading Option' at the bottom of the page.

To make a grading option change for a course with an associated noncredit section, change only the CRN of the lecture.

See the **Academic Calendar** for the deadline. Remember to review your class schedule to confirm that the changes you make are correct.

Grading Option Choices

When a choice is available, a student may elect to be evaluated on either a graded (A,B,C,D,F) or a pass/no pass (P/N) basis. Classes offered pass/no pass only are noted on the final grade report as P*. Bachelor's degree candidates must satisfactorily complete at least 168 credits graded A,B,C,D,P*. At least 45 of the graded credits must be taken at the UO.

Each department, school, or special program has its own regulations on pass/no pass classes for majors. Before exercising the pass/no pass option, students should talk with an adviser.

Confidentiality

To protect the confidentiality of your information, your name and UO Id number are not automatically printed on *DuckWeb* documents. An option to include this information on printed documents is available when you select the 'name on' option.

Logging Off

Remember to log off of *DuckWeb* when you finish a session, especially if you are in a public computer lab. Click the 'Exit' button on the upper right corner of any screen to exit.

For additional information contact the Office of the Registrar, 220 Oregon Hall, (541) 346-2935.

Helpful Hints

- Use the "Help" button for more detailed information about the use of *DuckWeb*.
- Use the "Return to Menu" button or the menu options at the top of each page. Do not use the 'back' or 'forward' buttons of your browser.
- You have a limited number of attempts to log on correctly, after which access is denied. Contact the Office of the Registrar in order to reactivate your access.
- There is a 25-minute session inactivity timeout. If you do not use the *DuckWeb* for 25 minutes, you will be required to log in again.

Confirming Your Schedule

You may review and print your term schedule in either a list format, where complete class information is displayed, or a matrix, a graphic format with less class detail.

Special Registration Programs

Undergraduates in Graduate Classes

Undergraduate students are not normally permitted to register for graduate-level classes. However, a senior with a GPA of at least 3.00 in the last three terms of UO work may petition to register for up to a maximum of nine hours in graduate-level courses, subject to the approval of the instructor and the Graduate School. Graduate (6xx level) classes are not eligible for inclusion in the baccalaureate degree requirements. To apply, you must complete a *Permission to Register for Graduate Credit* application, available at the Graduate School, 125 Chapman Hall, prior to the term of registration. If approved, the Graduate School will give you an authorization form to bring to the Office of the Registrar to complete registration.

Faculty & Staff Registration

UO employees appointed at half-time or more (0.50-1.0 FTE) may register at the reduced tuition rate. This rate is applied to a maximum of 12 credits per term. Staff members also pay the University Technology Fee.

The matriculation fee will be charged to all staff members who are admitted to a degree program. The fee does not apply if you are taking classes through the Community Education program. For information see **Matriculation Fee**.

Employees are required to pay a registration fee of \$15.00 and are subject to all registration deadlines and late fees. Staff rates do not apply to Continuing Education and self-support classes.

Employees who do not use their staff rate for tuition benefit may transfer it to a family member each term. A new form must be submitted each term in order to receive the benefit.

The *Staff Fee Privileges Approval* form and reduced tuition rates are available from Human Resources, 463 Oregon Hall or on the web through the Human Resources benefits page at hr.uoregon.edu/benefits/staffrates2003.html. Forms must be authorized by the employee's supervisor, except for family members, and returned to Human Resources no later than the first day of classes. Staff holding faculty rank, including Officers of Administration, are required to obtain approval from the Graduate School of the campus where admitted to a Master's or Doctoral program.

The deadline for winter is January 5. Staff members are not eligible for reduced tuition if the approval form is submitted after the 4th week of classes.

The tuition reduction provided to employees' family members enrolled in advanced degree programs, or graduate-level classes for credit, and to domestic partners enrolled in undergraduate or graduate classes, will be included as taxable income. The difference between the reduced tuition for total enrolled credit hours and the regular tuition for total enrolled credit hours will be taxed and the taxes will be withheld from the employee's paycheck.

Contact Human Resources, 346-2954 for additional information.

Community Education Program (CEP)

333 Oregon Hall, 346-5614
cep.uoregon.edu/

Eligibility

Participation in the CEP program is limited to those students who are not admitted to university degree or certification programs. See **Academic Calendar** for registration dates.

CEP students who are not currently enrolled may be required to contact the CEP office for an eligibility update. See **Eligibility** for additional information.

Limitations

Community Education Program (CEP) students are limited to a maximum of eight credit hours per term.

CEP students are invited to the Office of Academic Advising, 364 Oregon Hall, for assistance in planning their program.

Tuition

Tuition is based on the academic level of the class. Classes numbered 001-499 are assessed at the undergraduate level; those numbered 500-699 are assessed at the graduate level.

Some class titles are offered at both the undergraduate and graduate level. For example, "Econometrics" is offered as EC 423 and EC 523, both taught at the same time by the same instructor. Students taking the class at the graduate level are expected to complete additional requirements in order to receive graduate credit.

Certain classes require a separate fee which is assessed instead of regular tuition. These classes are identified with the footnote "T-Self support class, class fee replaces tuition." CEP students must also pay any required special class materials fees. See **Self Support Fees**.

Visit the home page of the Office of the Registrar at **registrar.uoregon.edu** for complete information about the 2003-04 tuition rates.

CEP students are eligible for some student programs and services funded with Incidental Fees; contact the CEP office for additional information.

Deadlines

CEP students are subject to all deadlines, and the same tuition/fee assessment and refunding rules as admitted students. See **Tuition & Course Fee Refunds** for additional information.

Special Registration Programs

Winter 2004

11

Audit Registration/ Senior Citizen Auditors

Departmental authorization is required for all audit enrollments. Audit registration cannot be processed on *DuckWeb*. The approved authorization must be presented on an *Auditor Registration* form. An approved *Auditor Registration* form is also required to change from credit to audit. The forms are available from, and may be turned in to, the Office of the Registrar beginning the first class day of each term.

Audit enrollments are recorded on the student's academic record with a mark of 'AU.' Audited classes do not satisfy degree requirements and do not count toward the continuous enrollment requirement of the Graduate School.

Audit enrollments are subject to the same tuition/fee assessment and refunding rules as credit enrollments.

Audit registrations are accepted through the add deadline. Students are not permitted to change from credit to audit after the last day to add.

The senior citizen registration classification is designed for Oregon residents age 65 or older who are not seeking academic credit or working toward a degree. Senior citizens may audit classes at no charge, on a space available basis. Incidental fee privileges are not provided and participants must pay any required special course materials fees.

Students with Disabilities

164 Oregon Hall, 346-1155 (TTY 346-1083, fax 541-346-6013)
ds.uoregon.edu

Registration assistance is available for students with documented temporary or permanent disabilities. Disability Services can provide information about university services for students with disabilities. Call the number listed above for more information or to make an appointment.

The UO is committed to responding to the needs of students with disabilities. A variety of accommodations are made to ensure that results of evaluation and teaching methods do not reflect a disability, but rather a student's ability based on knowledge, quality of study, etc. Typical accommodations provided include but are not limited to notetaking; sign language interpreting; equipment check-out; classroom relocations; modifications, such as substitution of some degree requirements; and alternative testing procedures. Assistance with registration, academic advising, and using adaptive equipment is also available.

The Adaptive Technology Lab features accessible machines using both Macintosh and PC platforms, as well as a variety of other hardware and software solutions for students with disabilities. The lab is located in rooms 138 and 139 of the Knight Library.

The University makes modifications to its academic requirements as necessary to ensure that such requirements do not discriminate, or have the effect of discriminating, on the basis of disability against a qualified, demonstrably disabled applicant or student. Academic requirements that the University demonstrates are essential to the program of instruction being pursued by such student, or to any directly related licensing requirement, will not be regarded as discriminatory.

Eligibility for services must be supported by professional documentation of disability and need for services. File requests for services or class relocation with Disability Services as soon as you are admitted to the University. The University of Oregon complies with Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act.

Registration Tampering

Altering the registration records of another student without that student's permission is considered a violation of the student conduct code. See **Student Conduct Code**, Standards of Conduct-Offenses, #2 and #3.

Questions?

If you'd like information or assistance with registration, or have any other questions, you are encouraged to call or visit the Office of the Registrar, 220 Oregon Hall, (541) 346-2935 (TTY 541-346-1323), or visit our website at registrar.uoregon.edu. The office is open 8 am-5 pm Monday through Friday.

Student Right-to-Know Report

Graduation Rates for 1st-time Freshmen

The graduation rate and persistence rate for freshmen who entered the University of Oregon in 1996 on a full-time basis is provided in the chart below.

Freshmen who entered full-time	5-year:		6-year:	
	graduation rate	graduation plus persistence	graduation rate	graduation plus persistence
2,430	55.6 %	62.8 %	59.3 %	63.1 %

Figures do not include students who transferred and continued to make progress, or graduated from other institutions

A summary report of graduation and persistence rates is available at the Office of Admissions, 240 Oregon Hall or the Office of the Registrar, 220 Oregon Hall

Dropping Classes & Refunds

Dropping Classes

Classes that you drop after the 6th day of classes are recorded with a 'W' on your academic record. A 'W' is interpreted as officially withdrawn from a course without penalty. The last day to withdraw from courses is Friday of the 7th week of the term.

Drop your class as soon as you know you will not attend; other students may be attempting to add the class, and tuition refunds are computed from the date you officially drop your class, not from the last day of attendance. **If you do not drop before the 100% tuition refund period ends, you will owe at least partial tuition and/or course fees.** It is to your advantage to drop classes promptly.

You are expected to attend and pay for all classes in which you register. As a university student, you are both academically and financially responsible for all classes in which you are registered. If you wish to cancel this commitment, and reduce or eliminate tuition charges for the term, you must officially drop classes or completely withdraw from the University for the term. Failure to pay tuition or to attend classes does not constitute official withdrawal. Students who simply stop attending classes are financially liable for all charges and may also receive grades of Y, N, or F according to departmental policy.

Cancelled Classes

If a class is cancelled, you are informed that the class is unavailable for registration. If a cancellation occurs after you have registered, you will be dropped from the class and notified by the department. You may add another class prior to the add deadline, or, if applicable, a 100% tuition refund will be processed and credited to your student account.

Complete Withdrawal (Dropping all your classes)

You cannot drop all of your classes on *DuckWeb*. You must call or visit an adviser in the Office of Academic Advising, 364 Oregon Hall, (541) 346-3211 for assistance if you wish to withdraw completely. Tuition and fee refunds are based on the date you contact this office.

Tuition Reassessments

You will receive monthly billing statements that reflect any changes in tuition or fees resulting from adding or dropping classes. *DuckWeb* will display your complete account status, along with any outstanding amount due. The account balance may not reflect credits or charges assessed on the day you check.

Tuition and fees for an added class are payable at the time the class is added. If unpaid, fees will be billed at the next regular billing, mailed after the 15th of each month. Adjustments for any dropped classes will be made as credits to your account. See **Tuition & Course Fee Refunds**. Credit balances are refunded on a monthly basis.

Late Registration

You are expected to register prior to the beginning of classes. If, with special approval, you are permitted to register after the add deadline, the late registration fee is \$15.00. Students approved for late registration after the fourth week of classes may be charged \$100.00.

Tuition & Course Fee Refunds

Refunds are based on assessed tuition and class fees, and are calculated from the date you officially drop a class or reduce credits, *not* the date of your last class attendance.

Note: If you drop a class prior to tuition payment, you may still owe tuition for the class that was dropped.

Refunds will automatically be processed as a credit to your account. A check will be issued to you for any remaining amount after accounts receivable and aid/remission repayments have been satisfied. Allow about six weeks for processing a refund. Checks for tuition and/or class fees in amounts less than \$3.00 are not normally refundable.

Refund Schedule

Dates	Tuition Owed	Refund
Through January 4	0%	100%
January 5-18	15%	85%
January 19-25	50%	50%
January 26-February 1	75%	25%
After February 1	100%	0%

In compliance with state and federal regulations governing receipt of student financial aid, it is the UO's policy to expect a return of unearned financial aid when you withdraw from the University. The unearned amount you must return is determined by the percentage of enrollment days remaining in the term. Additional information regarding the return of Title IV funds can be found at <http://financialaid.uoregon.edu>. If you are a financial aid recipient who withdraws, you must file a petition at the Office of Student Financial Aid, 260 Oregon Hall, (541) 346-3221 if you wish to be considered for financial assistance in subsequent terms.

Inquiries concerning refunds should be directed to: Tuition Refund Clerk, Accounting Department, Oregon Hall, University of Oregon, Eugene, OR 97403-0237, (541) 346-1119.

Exceptions to Academic Regulations

Two standing university committees review requests for exception to University rules, regulations, policies, and requirements:

The Academic Requirements Committee (ARC) reviews requests for exceptions to graduation requirements and requests for exceptions to registration deadlines. Written petitions to ARC are submitted to the Office of the Registrar, 220 Oregon Hall, 5257 UO, Eugene, OR 97403-5257. For additional information about the ARC call (541) 346-2935.

The Scholastic Review Committee (SRC) reviews student academic standing and retroactive class withdrawal. Written petitions to SRC are submitted to the Office of Academic Advising, 364 Oregon Hall, 5217 UO, Eugene, OR 97403-5217. For additional information about the SRC call (541) 346-3211.

Requests for exceptions to established procedures or deadlines, if approved, may be assessed a penalty fee of \$15.00-25.00.

Tuition & Fees

Winter 2004

13

2003-2004 Tuition

Tuition amounts for the academic year are determined by the Oregon University System (OUS) and are subject to change.

Visit the home page of the Office of the Registrar at registrar.uoregon.edu for complete 2003-04 tuition information.

The University of Oregon has an access-based tuition model, designed to spread tuition more equitably to all students, encourage the distribution of course offerings more evenly throughout the day and provide lower cost tuition alternatives.

Students enrolling for selected courses meeting at either 8:00 or 8:30 am, or 3:00 pm and later, will receive a 15% discount on the tuition charge for those courses. Eligible courses are designated in the *Schedule of Classes* with a 'V' in the course notes, and listed on *DuckHunt* at duckhunt.uoregon.edu.

Self-Support Fees

Tuition and fees assessed for self-support classes are **in addition to and separate from** the tuition and fees assessed for regular undergraduate, graduate, or CEP tuition. A 'T' in the 'Notes' column of the *Schedule of Classes* identifies each self-support class section. The tuition and fees charged for these classes are indicated under the 'Fee' column. Tuition and fees for self-support classes include only the direct cost of instruction and do not include incidental or health center fees. Students registering only for self-support credit are not eligible to use services supported by incidental or health center fees. Students who drop a self-support class after the 100% refund period has expired may owe at least partial fees for the class. See **Tuition and Course Fee Refunds**. Contact the Office of the Registrar for additional information.

Matriculation Fee

The matriculation fee is a one-time assessment paid by all admitted students during their first term of enrollment in a degree program.

The fee covers new-student orientation programs, transcripts, degree applications, re-enrollment, and changes in course schedules.

The fee is assessed as follows:

New Undergraduates	\$250.00
New Graduate & Law students	150.00

For additional information, please contact the Division of Enrollment Services, (541) 346-1278.

Oregon Residency

Instructional fees at publicly supported Oregon colleges and universities are higher for nonresident students than for resident students. In determining resident or nonresident classification, the primary issue is one of intent. If a person is in Oregon primarily for the purpose of obtaining an education, that person is considered a nonresident. For example, it may be possible for an individual to qualify as a resident of Oregon for purposes of voting or obtaining an Oregon driver's license and not meet the residency requirements. Consideration is also based upon the establishment of a domicile in Oregon for a period of twelve months or more prior to the beginning of the term for which residency is sought, financial independence or financial dependence on an Oregon resident, the nature and sources of financial resources, ownership of Oregon living quarters, permanent Oregon employment and the payment of Oregon income taxes.

Other administrative rules govern the residency status of dependents of an Oregon parent, US military personnel, OUS employees, Native Americans, resident aliens, and students on exchange programs. A copy of the administrative rules or the Residence Information Affidavit can be obtained from the Office of Admissions, 240 Oregon Hall, or by calling the residency information line, (541) 346-7991.

Resource Fees

A Resource Fee is a mandatory enrollment fee assessed to students admitted to, or generally understood to be enrolled in a specific school, college, department or degree program. It may be assessed to certain classes of students, such as freshmen, senior, graduate student, etc.

The following programs assess Resource Fees:

	Undergraduate	Graduate
<i>Architecture & Allied Arts</i>		
Architecture (majors)	\$50/term	\$50/term
Landscape Architecture (majors)	\$50/term	\$50/term
Multimedia Design (majors)	\$50/term	
<i>Arts & Sciences</i>		
College of Arts & Sciences (majors and undeclared)	\$40/term	
Computer & Info Sci and Math/CIS, additional fee (except CIS and Math/CIS majors)	\$125/term	\$125/term (masters only)
Science majors, additional fee (except CIS and Math/CIS majors)	\$30/term	
<i>Professional Schools/Other Disciplines</i>		
Education	\$50/term	\$50/term
Honors College	varies per admit year/class standing	
Journalism & Communication (pre-majors and majors)	\$75/term	
Lundquist College of Business	\$125/term	\$550/term (masters only)
Pre-College of Business	\$50/term	
Music	\$75/term	\$75/term

Students with multiple majors will be assessed the Resource Fee for each major. For additional information about the Resource Fees, contact the individual College or academic department.

Tuition Billing

Billing Statements and Payments

Tuition assessments as of the billing date are included on a monthly statement of account, sent to your *mailing* address, or alternate billing address. Interest will be assessed on past due balances. See the **Academic Calendar** for payment deadlines.

If you are unable to pay full tuition at the time of billing, you may make the minimum payment on your billing statement. Installments will be subject to interest and billing charges. Refer to **Revolving Charge Account Program** for information.

Mail your tuition payment to the address shown on your bill, or place it in one of the Business Affairs drop boxes located inside and outside Oregon Hall. Make sure your check includes your name and UO Id number. Tuition payments may not be made by credit card.

Returned checks are subject to a \$20.00 handling fee. If the total amount due is not paid within 30 days, a returned check is subject to a fine of from \$100.00 to \$500.00.

Financial Aid

It is the policy of the University of Oregon to apply all Title IV Higher Education Act financial aid directly to institutional charges, including unpaid prior term charges.

Students wishing to decline the automatic crediting of Title IV aid to a prior term's unpaid institutional charges or to current charges other than tuition, mandatory fees, and room and board must communicate this in writing to the Accounts Receivable Department in the Office of Business Affairs no less than 21 days before the first day of classes for the new term.

Disbursement

Federal Perkins Loans, Federal Direct Student Loans, Federal Pell Grants, other federal and state grants, UO grants and scholarships, and most outside scholarships are applied directly to your account and will appear as a credit on your monthly statement of account.

Checks for all aid in excess of amounts due are disbursed in the student loan area of the Business Affairs office, first floor, Oregon Hall. See **Academic Calendar** for disbursement date.

Revolving Charge Account Program

Students must pay all past due amounts and at least a minimum amount of the current term's tuition and fees by the due date listed on the monthly billing statement or in the **Academic Calendar**. The option to pay the unpaid balance in full always exists. Any unpaid balance is subject to the following terms and conditions. The UO may deny use of the minimum payment privilege to persons who do not have a good credit history with the UO or who have been in default status on student loans.

The Periodic Rate of Interest on account balances not paid when due is three-fourths (.75) percent per month or fraction thereof. The annual rate is nine (9) percent. Interest charges on an account are calculated by applying the periodic rate to the "past due balance" remaining on the account as of the 10th of the month. This charge is calculated and applied monthly by multiplying the past due balance times the periodic interest rate.

The UO may impose penalties on delinquent accounts, including: a billing fee of \$6.00 charged on the next billing date if the total amount due has not been paid during the grace period; registration may be denied or cancelled; the extension of credit, provision of services, and academic transcripts, may be withheld; eviction from student housing; the status of the account may be reported to credit reporting agencies; accounts may be referred to the Oregon Department of Revenue and/or outside collection agencies.

Each account referred for collection will be assessed a charge. All costs and charges incurred in the collection of any amount not paid when due, including, but not limited to, credit report fees, skip-tracing service fees, Oregon Department of Revenue charges, collection agency charges, reasonable attorney's fees, including attorney fees on appeal, and court costs, will be billed to the student.

The UO applies all scholarships, grants, fee remissions and loans to the current term's charges and any past due balance **BEFORE** any monies are released to the student. See **Financial Aid Disbursement**.

In case of errors or questions, you may challenge a charge within 60 days after the first bill on which the suspected error or problem appeared, by directing your inquiry to the office initiating the charge. If an error occurred, affected charges will be adjusted.

The terms and conditions of this agreement may be amended without securing a new agreement. The UO will notify you of any changes in interest, charges or fees in advance of the change. You have the right to pay your account in full at any time. If you do not, you will be bound by the changes.

Undergraduate Degree Requirements

Winter 2004

15

Evaluating Your Degree Progress

You may print your own unofficial UO transcript, transfer evaluation, and your degree audit from *DuckWeb*. You are encouraged to meet regularly with an adviser to review your academic progress. Bring these documents to your advising appointment.

Cumulative Credits

See the appropriate chart **Requirements for a UO Bachelor's Degree** for the minimum total credits required to graduate with a BA, BS, or professional baccalaureate degree.

Upper-Division Credits.

A minimum of 62 credits in upper-division courses, 300 level or above, is required for all degrees.

Transfer Work

- A maximum of 124 credits may be transferred from an accredited U.S. junior or community college.
- A maximum of 60 credits may be earned in correspondence study.
- A maximum of 48 credits in dentistry, law, medicine, and technology, or any combination may be accepted toward any UO degree other than a professional degree.

UO A,B,C,D Credit Requirement

A minimum of 45 credits graded A, B, C, D must be earned at the UO. Courses required in the major and designated P/N only in the *Schedule of Classes* may be counted toward the UO A,B,C,D credit requirement **only** if the 168-credit requirement has been satisfied.

Total A,B,C,D,P* Credit Requirement

Students must earn at least 168 transfer or UO credits with grades of A, B, C, D, or P*, 45 of which must be earned at the University of Oregon as A,B,C,D credits. (P* is the grade given for successful completion of UO work when the course is offered only on a P/N basis.)

General Limitations

A maximum of 24 credits may be earned in the following areas and no more than 12 credits in any single area:

- Vocational/technical courses
- Physical education and dance activity courses
- Studio instruction in music, except for music majors

For music majors, (a) a maximum of 24 credits in studio instruction courses toward a B.A. or B.S. degree and (b) not more than 12 credits completed during the freshman and sophomore years.

A maximum of 12 credits in Academic Learning Services (ALS) courses may be counted toward the 180, 220, 225, or 231 credits required for a bachelor's degree.

Undergraduate credits earned by course challenge or credit by examination, and the College-Level Examination Program (CLEP) satisfy graduation requirements but not University residence and graded credit requirements.

Courses cannot be repeated for credit unless designated as repeatable (R) by the University Committee on Courses; credit for duplicate courses is deducted prior to the granting of the degree. Students are notified on their degree audit of any credit deductions.

Courses offered by the College of Arts and Sciences are intended to increase the student's ability in the relevant area. Therefore, courses are not open for credit to students whose competence in that area exceeds the scope of a particular course. A course may not be taken for credit if it is a prerequisite for a course one has already taken for credit.

Satisfactory Work

Graduation from the university requires a minimum UO cumulative grade point average of 2.00. Transfer work is not included in the UO cumulative GPA.

Academic Major

All bachelor's degrees must be awarded with a major. Minimum requirements are 36 credits, including 24 in upper-division courses, for all degrees. Specific requirements are determined by the department, school, or college. See *UO Catalog* for double major information and requirements.

Academic Minor

Unless specified by a particular department, a minor is not required for a bachelor's degree. Students choosing to complete a minor must earn a minimum of 24 credits, including 12 in upper-division work. Minor requirements, including residency, are listed for each department in the UO Catalog. A minor may be awarded only at the time a bachelor's degree is conferred.

University Residence

After completing 120 of the 180 required credits, 160 of the 220 required credits, 165 of the 225 required credits, or 171 of the 231 required credits, each student must complete at least 45 credits at the University of Oregon.

Written English

Two courses, WR 121 and either WR 122 or 123 or equivalents, passed with grades of C- or better are required for all undergraduate degrees.

Foreign Language

The B.A. foreign language requirement may be met by:

- satisfactory completion (C-/P or better) of at least the third term, second year of a foreign language course taught in the language; OR
- an examination, administered by the appropriate department, showing language competence equivalent to that attained at the end of two years of college study.

For students whose native language is not English

This requirement may be met by satisfactory completion of WR 121 and either WR 122 or 123. Students must provide high school or college transcripts as evidence of previous formal education in a foreign language. See the Office of Admissions for clearance.

Undergraduate Degree Requirements

Mathematics/CIS Proficiency Requirement

The B.S. degree requires proof of mathematics proficiency. The requirement may be satisfied in one of the following ways:

- Satisfactory completion (C- or P or better) of **one** of the following sequences or their transfer equivalents:
MATH 105, 106, 107, 111 (any three); CIS 111
MATH 105, 111, 243;
MATH 111, 425, 426; **OR**
- Satisfactory completion (C- or P or better) of **two** of the following courses or their transfer equivalents: MATH 112, 231, 241, either 243 or 425; CIS 122, 133, 210; **OR**
- Satisfactory completion (C- or P or better) of **one** of the following courses or its transfer equivalent: MATH 232, 233, 242, 246, 247, 251, 252, 253, 261, 262, 263, 271, 272, 273; CIS 211, 212, 234; **OR**
- Satisfactory completion (C- or P or better) of MATH 211, 212, and 213 or their transfer equivalents.

Note: Students may not enroll for credit in courses that are prerequisite to those in which they are concurrently enrolled or for which credit has already been received. For example, a student may not receive credit for MATH 111 following earning credit in MATH 241 or its transfer equivalent; credit will be deducted for MATH 111.

General Regulations & Group Requirements

All students must demonstrate breadth in their education by completing specific course work in three groups: arts and letters, social science, and science. A table listing all group satisfying courses is included in this section. The number of courses to be taken is determined by the degree.

- No more than three group-satisfying courses may be taken from any one subject to satisfy the group requirements.
- All courses must be three or more credits.
- Each additional major or minor in a general education area such as arts and letters, social science, or science, may be used to complete a group requirement as long as at least one approved course from another subject is also completed.
- For students admitted fall 2002 and thereafter, students may not count more than one course with the same subject code as their major as satisfying group requirements.

Bachelor of Arts (BA)

Bachelor of Science (BS)

Bachelor of Fine Arts (BFA):

A minimum of 16 credits of approved group satisfying courses is required in each group for a total of at least 48 credits.

Each group must include:

- at least two courses in one subject, **and**
- at least one course in a different subject(s) **but**
- no more than three courses in any one subject

For students admitted fall 1999 and thereafter, courses used to fulfill the foreign-language requirement for the bachelor of arts degree may not also be used to fulfill the arts and letters group requirement. Courses used to demonstrate proficiency in mathematics or in computer and information science, or in a combination of the two for the bachelor of science degree, may not also be used to fulfill the science group requirement.

Bachelor of Education (BED)

Bachelor of Music (BMUS)

Bachelor of Architecture (BARCH)

Bachelor of Interior Architecture (BIARCH)

Bachelor of Landscape Architecture (BLA):

A minimum of 12 credits of approved group-satisfying courses is required in each group for a total of at least 36 credits.

- Two groups must include at least two courses in one subject
- Each group must include courses in at least two subjects
- No more than three courses in any one subject may be used to meet group requirements.

Arts & Letters (A&L)

Courses in this group are followed by the symbol > 1 in the course title. Students should inquire at the department about possible substitution of a minor or second major in linguistics, philosophy, or women's studies for arts & letters group clearance. A minor or second major in any other department listed under the arts & letters group may be substituted for arts & letters clearance with the completion of at least one course in another subject. A minor or second major containing courses from two groups may be substituted for group clearance in only one of the groups.

Social Science (SSC)

Courses in this group are followed by the symbol > 2 in the course title. A minor or second major in the following may be substituted for social science group clearance, with the completion of at least one course in another subject: economics, ethnic studies, history, peace studies, political science, religious studies, sociology. Students should inquire at the anthropology, environmental studies, geography, linguistics, philosophy, psychology, or women and gender studies departments regarding possible substitution of a minor or second major in these disciplines for social science clearance. A minor or second major containing courses from two groups may be substituted for group clearance in only one of the groups.

Science (SC)

Courses in this group are followed by the symbol > 3 or > 4 in the course title. A minor or second major in the following may be substituted for science group clearance, with the completion of at least one course in another subject: biochemistry, biology, chemistry, computer & information science, general science, geological sciences, mathematics, mathematics & computer science, physics. Students should inquire at the anthropology, environmental studies, geography, and psychology departments regarding possible substitution of a minor or second major in these disciplines for science clearance. A minor or second major with courses from two groups may be substituted for group clearance in only one of the groups.

Undergraduate Degree Requirements

Winter 2004

17

Multicultural Requirement

Bachelor's degree students must complete at least six credits in approved multicultural courses; one course in two of the following three categories: American Cultures; Identity, Pluralism & Tolerance; International Cultures.

American Cultures (AC)

The goal is to focus on race and ethnicity in the United States by considering racial and ethnic groups from historical and comparative perspectives. Five racial or ethnic groups are identified: African American, Chicano or Latino, Native American, Asian American, European American. Approved courses deal with at least two of these groups in a comparative manner. Courses do not necessarily deal specifically with discrimination or prejudice, although many do.

Identity, Pluralism, & Tolerance (IP)

The goal is to gain scholarly insight into the construction of collective identities, the emergence of representative voices from varying social and cultural standpoints, and the effects of prejudice, intolerance, and discrimination. The identities at issue may include ethnicities as in American Cultures, as well as classes, genders, religions, sexual orientations, or other groups whose experiences contribute to cultural pluralism. This category includes courses that analyze the general principles underlying tolerance, or the lack of it.

International Cultures (IC)

The goal is to study world cultures in critical perspective. Approved courses either treat an international culture in view of the issues raised in American Cultures and Identity, Pluralism, and Tolerance—namely race and ethnicity, pluralism and monoculturalism, and/or prejudice and tolerance—or explicitly describe and analyze a world-view, such as a system or knowledge, feeling, and belief that is substantially different from those prevalent in 20th-century United States.

Concurrent Bachelor's Degrees

Concurrent degrees are awarded under the following conditions:

- the second degree is offered by a different school or college;
- all departmental requirements for each major are completed;
- all general education requirements for each degree are completed;
- a minimum of 36 credits more than those required for the major/degree which requires the larger number of credits is completed;
- An additional 36 credits in residence at the university after satisfying the residence requirement for the first degree are completed;
- two applications for degree.

Second Baccalaureate Degree

The following minimum requirements for a second baccalaureate degree must be completed after the prior degree has been awarded:

- Residency: total credits in residence:
 - 45, if the first baccalaureate degree is not from the UO
 - 36, if the first baccalaureate degree is from the UO
- Graded credits (A,B,C,D) at the UO:
 - 23, if the first baccalaureate degree is not from the UO
 - 18, if the first baccalaureate degree is from the UO
- A minimum cumulative UO GPA of 2.00 in all coursework completed after the first baccalaureate degree is required for the second baccalaureate degree. NOTE: the second baccalaureate GPA is calculated *independently* from the cumulative GPA earned at the end of the first bachelor's degree.
- 75% of all course work required in the second degree major must be completed after receiving the first baccalaureate degree

Proficiency in a foreign language is required for a Bachelor of Arts. Proficiency in mathematics is required for a Bachelor of Science. For information about course equivalencies from other institutions, visit the Admissions web site at admissions.uoregon.edu/apply/tequiv.htm or contact the Office of Admissions, 240 Oregon Hall, 1217 UO, Eugene, OR 97403-1217 (541) 346-3201.

Graduate Degrees

Policies concerning master and doctoral degrees can be found on the Graduate School web site at gradschool.uoregon.edu.

Requirements for UO Bachelor's Degree

Students Admitted Fall 2002 or after

Requirements:	Bachelor of Science	Bachelor of Arts	Bachelor of Music • Education	Bachelor of Architecture • Landscape Architecture • Interior Architecture	Bachelor of Fine Arts
Written English:	WR 121 & 122 or 123: These courses or their equivalents are required for all bachelor's degrees at the UO (C-/P or better)				
Group Requirements: • Arts & Letters • Social Science • Science	A minimum of 16 credits in approved group-satisfying courses is required in each group.* Each group must include: (a) at least two courses in one subject and (b) at least one course in a different subject.	A minimum of 12 credits in approved group-satisfying courses is required in each group.* (a) Two groups must include at least two courses in one subject (b) Each group must include courses in at least two subjects.			Students must satisfy the general requirements for either the bachelor of arts or the bachelor of science degree.
Total Minimum Credits:	48 (no more than 3 courses from one subject) <i>All degrees: No more than one course within the same subject code of the major</i>	36 (no more than 3 courses from one subject)			
Multicultural Requirement:	One approved course in two of the following categories: A) American Cultures; B) Identity, Pluralism & Tolerance; C) International Cultures. (Courses must be a minimum of three credits.)				
Foreign Language:	Two years college-level or equivalent (C-/P or better)*				Students must satisfy the general requirements for either the bachelor of arts or the bachelor of science degree.
Mathematics/Computer Science:	One year college-level or equivalent (C-/P or better)*				
Minimum Credits:	180	180	180	220 (B.I.Arch.) 225 (B.I.Arch.) 231 (B.Arch.)	220
Upper-Division Credits:	62	62	62	62	62
Total ABCDP* Credits:	168	168	168	168	168
UO ABCD Credits:	45	45	45	45	45
UO Residence Requirement:	45 after 120	45 after 120	45 after 120	45 after 160, 165, 171	45 after 160
UO Satisfactory Performance:	A University of Oregon GPA of 2.0				
UO Academic Major:	Completion of an academic major required for all bachelor's degrees at the University of Oregon.				

* Credits from a course may not be used to satisfy group requirements AND BA Language or BS Mathematics requirements.

Requirements For UO Bachelor's Degree

Students Admitted Fall 1999 through
Summer 2002 and graduating by summer 2009

Requirements:	Bachelor of Science	Bachelor of Arts	Bachelor of Music • Education	Bachelor of Architecture • Landscape Arch • Interior Arch	Bachelor of Fine Arts

Final Exams March 15-19

In most classes, times for final examinations are determined by the first hour of the first scheduled class meeting. A class scheduled to begin Monday, Wednesday, or Friday follows the "Monday" schedule. A class scheduled to begin Tuesday, Thursday, or Saturday follows the "Tuesday" schedule. Examinations are generally scheduled for two hours and are given in the same classroom unless instructors have made other arrangements.

Exam Times

First Class Hour/Day	Exam Time	Day
08:00 or 08:30 Monday	10:15	Mon, Mar 15

17:00 or later Thursday	19:00	Thur, Mar 18
17:00 or later Friday	19:00	Fri, Mar 19

Early Examinations

Final examinations must be given during the scheduled final examination period. Faculty legislation prohibits the early administration of final examinations. Final examination week is considered to be a part of the regular term, and to end the term prior to its scheduled date reduces instructional days to which students are entitled.

Dead Week

Faculty legislation also controls the assignments that may be made during the last week of regular classes, commonly known as 'Dead Week.'

In the week preceding final examinations during Fall, Winter, and Spring terms—

- No examination worth more than 20% of the final grade will be given, with the exception of make-up examinations.
- No final examinations will be given under any guise.
- No projects will be due unless they have been clearly specified on the class syllabus within the first two weeks of the term.
- Take-home examinations will be due no earlier than the day of the formally assigned final examination for the class in question.

Questions about this policy should be addressed to the Provost's Office, 346-3186.

Combined Examinations

Certain academic departments have combined examinations for multiple sections of the same class. Locations will be announced in class or posted on *DuckHunt* by February 20. Combined examinations are scheduled as noted below:

Class	Exam Time	Day	Location
ACTG 211	18:00	Tues, Mar 16	TBA
ACTG 350	18:00	Tues, Mar 16	TBA
ACTG 4/540	18:00	Tues, Mar 16	TBA
AEIS 107	18:00	Wed, Mar 17	TBA
ANAT 315	18:00	Wed/Thur, Mar 17/18	TBA
BA 215	18:00	Mon, Mar 15	TBA
DSC 330	18:00	Mon, Mar 15	TBA
FIN 380	18:00	Thur, Mar 18	TBA
FR 102, 111, 112	18:00	Mon, Mar 15	TBA
GER 102	18:00	Mon, Mar 15	TBA
GER 202	18:00	Tues, Mar 16	TBA
ITAL 102, 104, 202	18:00	Mon, Mar 15	TBA
JPN 102, 202	18:00	Tues, Mar 16	TBA
JPN 302	18:00	Wed, Mar 17	TBA
JPN 4/512	18:00	Mon, Mar 15	TBA
JPN 4/515	18:00	Tues, Mar 16	TBA
MATH 095	18:00	Mon, Mar 15	TBA
MKTG 390	18:00	Wed, Mar 17	TBA
MKTG 420	18:00	Tues, Mar 16	TBA
PHYS 202	18:00	Tues, Mar 16	TBA
PHYS 205	18:00	Wed, Mar 17	TBA

Multiple Examinations

You are encouraged to review the schedule of final examinations prior to registering to avoid conflicts or multiple examinations in a single day. If you are scheduled to take *more than* three examinations in one day, arrangements may be made to take an examination at an alternate time later in the week. The Office of Academic Advising, 364 Oregon Hall, will counsel students with multiple examination problems.

Examination Conflicts

In the event that a student is scheduled for two or more exams at the same time, the following policies assist with resolving the conflict:

- For regular courses with examinations scheduled at the same time, the course with the largest enrollment must provide an alternate examination;
- For conflicts between regular courses and combined examinations, the combined examination course must provide the alternate examination;
- For combined examinations with conflicts, the largest combined enrollment course must provide the alternate examination.

Students with examination conflicts may contact the Office of Academic Advising, 364 Oregon Hall, for assistance.

Grades

Grades will be posted on *DuckWeb* beginning March 15 and updated nightly through March 22. If you need an official transcripts with completed grades posted, place an order in advance on *DuckWeb*, or through the Office of the Registrar, for later mailing. See **Requesting Your Transcript** for additional information.

Grading System

The University grading system includes the following grades. The numbers shown represent points used in computing grade point averages.

A	4	Excellent
B	3	Good
C	2	Satisfactory
D	1	Inferior
F	0	Unsatisfactory performance, no credit awarded
+	+0.3	With A,B,C,D
-	-0.3	With A,B,C,D
P		Satisfactory (C- or above for undergraduate work, B- or above for graduate work)
N		Less than satisfactory performance, no credit awarded (D+ or lower for undergraduate work, C+ or lower for graduate work)
AU		Audit, no credit awarded
W		Officially withdrawn without penalty
I		Incomplete
X		No grade reported by instructor (assigned by the Registrar)
Y		No basis for grade (recorded by the instructor)

Grade Point Average

Grade points are computed by assigning four points for each credit of A, three for each credit of B, two for each credit of C, one for each credit of D and zero for each credit of F. Marks I, W, X and Y, and grades N and P are disregarded. The grade point average is calculated by dividing total points by total credits of A, B, C, D, F. The plus sign increases the points assigned the letter grade by .30 per credit, and the minus sign decreases the points assigned the letter grade by .30 per credit.

A student's cumulative UO grade point average includes all attempted credit hours at the UO graded A, B, C, D, or F. All grades are included in the computation, including those deducted for repetition.

A student may not earn credit more than once for a non-repeatable course. If a non-repeatable course with a grade of A, B, C, D or P is repeated, the credit earned after the first attempt will be excluded from the student's total credits earned. Earned credit will not be given for courses repeated beyond the limit stated in the *General Bulletin*. **Those courses that are repeated and do not earn credit will be identified with an 'M' in the Repeated Course field on the student's academic record.**

All courses numbered below 100 are excluded from credits earned and from GPA calculation, and marked with an 'E.'

Incompletes

An incomplete may be issued when the quality of work is satisfactory, but some minor yet essential requirement has not been completed, for reasons acceptable to the instructor. *You should not register for the class a second time unless you are advised by the instructor to repeat the class.* If you re-register and repeat the entire course, the Incomplete remains on your academic record permanently.

Undergraduate Students

If a degree has not been awarded and you are still attending the University, the instructor must file a grade in the Office of the Registrar within four terms of attendance following the assignment of the incomplete. If you are no longer attending the University, and have not earned a degree, the grade filing deadline is extended to three calendar years from the date the incomplete was assigned. Earlier deadlines may be set by the instructor, dean, or department head.

If You Are Graduating

Removal of incompletes needed to satisfy degree requirements must be filed with the Office of the Registrar within the above deadlines, but no later than the Friday following exam week of your graduating term. Removal of incompletes not needed for degree requirements must be filed within the above deadlines, but no later than 30 days after the degree is awarded.

Incompletes remaining on the academic record after the degree is awarded may not be removed.

Graduate Students

Graduate students must convert graduate course incompletes within one calendar year of the assignment of the incomplete. Students may request additional time for the removal of the incomplete by submitting a petition stating the course requirements that were not initially completed, with the instructor's signature, to the dean of the Graduate School for review. This policy does not apply to incompletes routinely assigned to courses applying to the completion of research (601), thesis (503), dissertation (603), and terminal projects (609,709).

Academic Standing

At the end of the term grade processing, a term and cumulative UO GPA is calculated for each undergraduate student and for CEP students who have not earned a bachelor's degree. Academic standing is based on the term and cumulative UO GPA. Academic standing is defined as one of the following conditions:

Academic Warning

When the term GPA is lower than 2.00 and the cumulative UO GPA is 2.00 or higher, the student is placed in Academic Warning status. This is not recorded on the student's academic transcript.

Academic Probation

When the cumulative UO GPA is lower than 2.00, the student is placed on "Academic Probation." This is recorded on the student's academic transcript. A student on probation with 45 or more cumulative credits is subject to disqualification the following term if his/her term and cumulative GPA are below 2.00. Students who have earned 44 or fewer cumulative credits are allowed two terms of probation before they are disqualified.

Students on academic probation status who have a cumulative UO GPA lower than 2.00 and a term GPA of 2.00 or higher will remain on probation the following term.

Students on academic probation are limited to a study load of 15 or fewer credits.

Degrees & Transcripts

Disqualification

When the term UO GPA is lower than 2.00 and a student already has a probationary status, the student is academically disqualified. These students are not eligible to enroll for future terms unless the Scholastic Review Committee continues the student on probationary status for a further term or reinstates the student.

End of Term Review

The Scholastic Review Committee reviews the academic records of those students with the academic standing of "Disqualification" to determine whether the student is eligible to continue attending the University. The Office of Academic Advising and Student Services sends a letter to those students who are disqualified and to those continued on probation to inform them of the committee's action.

For information about removal from academic probation and academic reinstatement options, inquire at the Office of Academic Advising, 364 Oregon Hall, telephone (541) 346-3211.

Applying for Graduation

Bachelor's Degrees

If you plan to receive a bachelor's degree, complete a degree application on *DuckWeb* by the deadline listed in the **Academic Calendar**. Completing the application one term in advance permits timely review of degree requirements and notification of deficiencies in general education requirements, allowing you to plan or change your final term course schedule to ensure completion of all requirements. Students who file an application by the deadline are notified of degree progress prior to the next term's registration. However, applications are accepted in the term of anticipated graduation. See the **Academic Calendar** for the deadline. **NOTE:** Students applying for concurrent degrees must submit two separate applications in the Office of the Registrar, 220 Oregon Hall.

Grade changes, removals of incomplete grades, and transfer work necessary for completion of degree requirements must be on file in the Office of the Registrar by the Friday following exam week of your graduating term. Corrections to the academic record, including change of grade or removal of incompletes, are made only during the thirty days following the granting of the degree.

Advanced Degrees

The application for degree must be filed with the Graduate School by the second week of classes in the term of graduation. The application can be accessed at <http://gradschool.uoregon.edu/>. Grade changes, removal of incompletes, and transfer work necessary to complete degree requirements must be filed with the Graduate School the term prior to the term of graduation. Corrections to an academic record can be made only during the thirty days following the granting of a degree.

Awarding of degrees

Degrees earned during winter term are conferred March 20, 2004 and will be posted on academic records after April 9, 2004. If you need official transcripts with earned degrees recorded, you may place orders in advance on *DuckWeb* for mailing after your degree is posted. Diplomas are mailed to your permanent address approximately eight weeks after the end of the term. You may specify an alternate mailing address when you apply for your degree.

Latin Honors

Graduating seniors who have earned at least 90 credits at the UO and have successfully completed all other university degree requirements are eligible for graduation with Latin honors. These distinctions are based on students' percentile rankings in their respective graduating classes, as follows:

Top 10%:	<i>cum laude</i>
Top 5%:	<i>magna cum laude</i>
Top 2%:	<i>summa cum laude</i>

The Office of the Registrar computes Latin honors for each term's graduating class.

Commencement is held twice each year, at the end of spring and summer terms. For information about commencement ceremonies, contact the Office of Student Life, 164 Oregon Hall, (541) 346-3216.

Requesting Your Transcript

Click on the "Grades and Transcripts" menu of *DuckWeb*.

For official transcripts, select 'Request Official Transcript' and complete the electronic form. Click the 'Submit Request' button when complete. Your request will be processed by the Office of the Registrar. For an unofficial printout of your academic work, select 'Unofficial Transcript' and follow the directions. Your transcript will be displayed and you may print the document on your printer.

There is no fee charged for regular transcript requests. Requests that number five or fewer transcripts each day and require no special handling are considered regular requests. Orders requesting same day processing or special handling, such as express mail, are charged a service fee in addition to any express mail charges.

Contact (541) 346-4851 for complete transcript ordering information and policies or visit the Registrar's Office home page at registrar.uoregon.edu.

NOTE: If there is an outstanding account due, the release of your transcript may be blocked. You may check your account status, including any amount due, on *DuckWeb* and you will be notified at the time your order is processed.

Grades and transcripts may not be released to someone other than the student without the written consent of the student.

Interpreting the Class Listings

Winter 2004

35

Course Numbering and Credits

Credits at the UO are *quarter* credit hours; one quarter credit is equal to two-thirds of a semester credit. Classes normally have one classroom contact hour and two hours of out-of-class work per week for each credit hour earned.

The three-digit course number identifies the course level. The alphabetic abbreviation preceding the course number indicates its subject area; for example, MATH 111 identifies a lower division mathematics course.

The course numbering system is as follows:

001-099	Remedial courses with no degree credit
100-299	Lower division, for freshmen and sophomores
300-499	Upper division, for juniors and seniors
500-799	Graduate. Undergraduate enrollment allowed only with permission from the Graduate School

Some classes are offered at both the undergraduate and graduate level. For example, "Econometrics" is offered as EC 423 *and* EC 523, both taught at the same time by the same instructor. Students taking the graduate level are expected to complete additional course requirements in order to receive graduate credit.

Department Information

The department location and telephone are shown at the beginning of each department's listing of courses.

Column Headings

Each page of the schedule has the following column headings:

Subj and **Num** identify the subject and course number.

Title is the name assigned to the course. Titles for individualized study courses (199, 399, 400-409, 501-509, 601-609, 701-709) may be assigned by the instructor. Symbols immediately following the course title refer to group requirements:

- > 1 approved for Arts & Letters group
- > 2 approved for Social Science group
- > 3 approved for Science group
- > 4 approved for Science group and Mathematics requirement
- > 5 approved for Mathematics requirement

CRN is the course reference number, a five-digit code used to identify each class. It is in effect only for the current term.

(3) A check mark following a CRN indicates that department or instructor approval is required. See **Preauthorization**.

Grd Opt Grading options for each course are listed under the column headings **UO** (all students) or department **Maj** (majors only):

G	=	graded only (A,B,C,D,F)
P	=	pass/no pass only (P,N)
—	=	optional grading

Note: *DuckWeb* does not enforce **Maj** grading option. It is the responsibility of the student to register for the appropriate major grading option requirement.

Credit reflects the number of credit hours assigned to each course. The value may be either fixed or variable.

Time gives the class meeting time in 24-hour notation:

07:00 = 7 am	16:00 = 4 pm
08:00 = 8 am	17:00 = 5 pm
09:00 = 9 am	18:00 = 6 pm
10:00 = 10 am	19:00 = 7 pm
11:00 = 11 am	20:00 = 8 pm
12:00 = noon	21:00 = 9 pm
13:00 = 1 pm	22:00 = 10 pm
14:00 = 2 pm	23:00 = 11 pm
15:00 = 3 pm	24:00 = midnight

Days of the week for the class meetings are abbreviated:

M-Monday	F-Friday
U-Tuesday	S-Saturday
W-Wednesday	X-Sunday
H-Thursday	

Room, Bldg, and **Instructor** are listed for each class, when known. For building abbreviations and location, see the campus map. Classroom assignments are subject to change.

Blanks (or 'TBA') in the **Time, Days, Room,** or **Bldg** columns signify that information was not available at the time the schedule was published or the course meeting time and location is to be arranged. Check *DuckHunt* for up-to-date information, or contact the department offering the course for information.

Fee lists any special fee associated with the course section, in addition to, or in place of, the course tuition. If the fee is charged on a per-credit basis, this will be noted. See also **Self Support Fees**.

Notes describe additional information about a specific course section. Notes contain important details about class prerequisites, special emphases, special meeting times or attendance requirements. *Standard* notes are shown in uppercase letters and are described at the bottom of each page. *Departmental* notes are in lowercase letters; descriptions follow the department's heading information.

Prerequisites/Comments lists any course prerequisites or corequisites or other more specific information about the course, including irregular dates. Courses noted with class standing restrictions, such as 'Jr stand' are open to students with the specific standing or higher, unless clearly specified otherwise.

See the UO *Catalog* for more detailed descriptions of course prerequisites or corequisites. You may also contact the academic department for more information.

Subj	Num	Title	CRN	Credit	Grd Opt UO Maj	Time	Days	Room	Bldg	Instructor	Fee	Notes	Prerequisites/Comments

Art**198 Lawrence, 346-3610**School of Architecture & Allied Arts
art-uo.uoregon.edu

Foundations: Beginning fall 2003, all students who are new to the University or are new art majors must complete prerequisites (noted with a 'c') before continuing on to other studio courses at the 200 or 300 levels. Students may enroll in one 200-level studio course before completing other prerequisites that satisfy the foundation requirement. Students who have not satisfied the prerequisites and enroll in an art course with the 'c' note will be asked to withdraw. Failure to do so will result in an F or N grade. Foundations courses are: ART 115, ART 116, one drawing class, one 200-level studio course.

Art (ART)

a- Open to all students starting Nov 29

g-Freshman Seminars are open only to incoming undergraduate students who are in their first year of university study. Ineligible students who have registered will be administratively dropped from the seminars

Chinese (CHN)

308 Friendly, 346-4041

East Asian Languages & Literatures, College of Arts & Sciences
darkwing.uoregon.edu/~eall/

Placement examinations are required for all new Chinese language students with previous exposure to **Mandarin**, either through formal course work or use of Chinese within the home, or non-Mandarin dialects. Contact the Testing Center to schedule the examination. Students who have taken the Chinese Proficiency Test (CPT, produced by the Center for Applied Linguistics) within the last six months may use their scores on that exam for the purpose of placement within the Chinese program. Contact the Department of East Asian Languages & Literatures for information. Native speakers of Chinese or students whose competence in the language already exceeds the scope of the course may not enroll in language courses.

Dance**161 Gerlinger Annex, 346-3386**School of Music
dance.uoregon.edu

Non-dance majors in studio laboratory classes (DAN 394, 396, 4/581, 4/594, 4/596) must pay a \$45 fee per course, assessed by the Department.

Up to 12 credits of DANC activity courses apply toward a bachelor's degree. DANC courses, at each activity level, may be repeated twice for credit, i.e., for a total of 3 times

a - Students enrolling in a dance course which lists a prerequisite (either a specific course, by audition, or level of skill) who have not satisfied the demands of that prerequisite will be asked to withdraw. Failure to do so will result in an F or NP

Distance Education		110 Baker Downtown Center, 346-4231 Interdisciplinary de.uoregon.edu											
---------------------------	--	---	--	--	--	--	--	--	--	--	--	--	--

Courses offered through the Distance Education program are taught outside the traditional classroom setting. An e-mail account and access to the World Wide Web are required. Some courses have additional technical requirements. Courses must be completed within the term offered, and are regular UO credit. Delivery methods, orientation formats, testing procedures, and fees vary. Academic departments may maintain specific course web sites; for complete program information and course links, connect to de.uoregon.edu

b(ARCH)- Open to both Portland and Eugene students

b(EC)- Electronic tutorial; self-paced with exams taken at Social Science Instructional Lab. Orientation session optional. See distanceeducation.uoregon.edu for information

c(EC)- Students may not receive credit for both EC 201 and EC 233

u(PS)- US politics

w(PS)- World politics

z(PS)- Independent study; students must obtain information and course syllabus from the Distance Education website at distanceeducation.uoregon.edu

Japanese (JPN)

308 Friendly, 346-4041

*East Asian Languages & Literatures, College of Arts & Sciences
darkwing.uoregon.edu/~eall/*

Placement examinations are required for all new Japanese language students with previous exposure, either through formal coursework or use of Japanese within the home, who wish to place above JPN 101 and for all students returning from overseas programs. Contact the Testing Center to schedule the written portion of the examination and the Department of East Asian Languages & Literatures to make an appointment for the oral interview. Native speakers of Japanese or students whose competence in the language already exceeds the scope of the course may not enroll in language courses.

Music (MUS)

159 Music, 346-3761
 School of Music
 music.uoregon.edu

a- Placement Nov 14, 5-6 pm, MUS68

c- Chamber Ensemble form required

d- Required accompanying policy, MUP 171A Piano or above; info Lieder01@aol.com

g- Freshman Seminars are open only to incoming undergraduate students who are in their first year of university study. Ineligible students who have registered will be administratively dropped from the seminars

i- Students provide own instruments

w- Permission to Register for Individualized Study form required

Music Performance (MUP)

- a- Minimal previous training
- b- Music education/theory/comp specialist
- c- Successful completion of previous level
- d- Degree recital preparation
- e- Coreq assigned ensemble for majors
- g- Beginning secondary instrument, proficiency of MUP 341-362/371-394 in primary performance area
- h- Secondary performance medium
- i- Students provide own instruments
- j- Proficiency of MUP 671-694
- k- Supporting area of performance
- l- Restrictions apply, contact instructor before registering
- o- Group instruction; addl info 346-3761
- p- Performance specialist
- q- Required group session time shown; individual lesson hrs TBA
- t- Call 346-3758 for placement interview
- u- Required group orientation time shown, individual lessons TBA; \$80/cr, non-majors; \$60/cr, majors taking more than one MUP course
- w- Permission to Register for Individualized Study form required
- x- Required group session time shown, individual lesson hrs TBA; \$60 per cr for non-majors, majors pay if taking more than one MUP course
- y- Required group session time corresponds with each instrument above MUP 170 level; individual lesson hrs TBA

Physical Education

102 Esslinger, 346-4113

*Physical Activity & Recreation Services
Facilities/Hours, SRC Desk, 346-4183
pars.uoregon.edu*

Courses are open to UO students, faculty, staff and community members. Up to 12 credits may apply toward a bachelor's degree. Courses, at each activity level, may be repeated once for credit.

General Information

Attendance at the first class meeting is mandatory. Absentees may be replaced and required to drop the class. Absentees who are replaced are required to follow the registration drop procedure. Students must obtain instructor consent to add a class after the first week. Most classes meet for 50 minutes. Outdoor Pursuits classes meet weekly for 1 or 2 hours and may include single or multi-day outings. Eleven-session classes meet for 85 minutes. Additional information is noted under each subject heading and in the **Prerequisites/Comments** column.

All students are required to have a current University of Oregon student identification card for entry into the Student Recreation Center. Faculty, staff, and community members may use the pools, gymnasias, weight room, etc., by purchasing a recreation pass at the main desk of the Student Recreation Center.

Safety

Students participate at their own risk. It is recommended that students have personal health and accident insurance since students are responsible for their own health care costs. Students are requested to provide their instructor with information regarding any medical condition that may affect their participation in activity classes.

Non-credit Participation

Non-credit enrollment is available to students, faculty, staff and community members. UO tuition is not assessed and non-credit classes do not appear on transcripts. Non-credit students may register at the PE Office, 102 Esslinger Hall, starting on the first day of classes. Students may pay the activity fee by cash, check, or be billed. The fee waiver for senior citizen auditors does not apply to PARS classes.

Students with Disabilities

Students with disabilities are welcomed by PARS. Students with special needs who plan to enroll in a PE class should notify the Counselor for Students with Disabilities office, 164 Oregon Hall prior to the time of registration and, if necessary, request special assistance. PARS cannot provide personal assistants for those with special needs, however the course fee will be waived for an assistant if one is provided.

Men Only & Women Only Classes

A few women only and men only classes are offered during the year. These are identified in the **Prerequisites/Comments** column. Opposite-sex students who incorrectly register are automatically dropped.

Writing (WR)

118 Prince Lucien Campbell, 346-3911

English, College of Arts & Sciences
darkwing.uoregon.edu/~engl/

Last Day to Add Writing Courses in Friday, January 9

Students who do not meet course prerequisites will be dropped by the department.

- a- Alpha priorities for 121 apply to freshmen only; freshmen whose last names begin A-G, fall; H-O, winter; P-Z, spring
- b- Students who do not meet course prerequisites will be dropped
- c- Study materials include essays pertinent to various ethnic groups; limited enrollment. Contact Office of Multicultural Affairs, 164 Oregon Hall, t346-3479, for preauthorization
- e- Enrollment is restricted to non-native English speakers; placement exam required

Student Conduct Code

Winter 2004

111

The following is a summary of the Code of Student Conduct (571-31-005 et seq.). By including sections of the Code in the Schedule of Classes, the University calls attention to the standards of conduct by which all students are expected to abide. Students should be aware of the Code of Student Conduct and know they will be held accountable for its provisions. More information can be found at <http://darkwing.uoregon.edu/~conduct/>

Purpose of the Code of Student Conduct

This Code represents a compilation of important regulations, policies, and procedures pertaining to student life. It is intended to inform students of their rights and responsibilities during their association with this institution, and to provide general guidance for enforcing those regulations and policies essential to the educational and research missions of the University.

In general, the off-campus activities of students are viewed as their personal business. However, when a student violates local, state, or federal laws and, at the same time, violates the Code of Student Conduct, either on or off campus, the University reserves the option of initiating disciplinary action on its own.

I. Standards of Conduct-Offenses*

Disciplinary action may be initiated by the University and sanctions imposed against any student or student organization found guilty of committing, attempting to commit, or intentionally assisting in the commission of any of the following prohibited forms of conduct:

1. Dishonesty, including academic cheating, academic plagiarism (submission of the work of others for academic credit without indicating the source), or knowingly furnishing false information to University officers of instruction or administration.
2. Forgery, alteration, or unauthorized use of University documents, records, keys, student identification, or keycards.
3. Intentional disruption, obstruction, or interference with the process of instruction, research, administration, student discipline, or any other service or activity provided or sponsored by the University.
4. Damage, destruction, theft, or unauthorized use of personal property located on the University campus or property owned or controlled by the University.
5. Unauthorized entry into or use of University property, including facilities, residence halls, equipment, or resources.
6. Physical abuse or conduct that threatens imminent physical harm or endangers the health or safety of any person on University property or at University sponsored or supervised activities.
7. Lewd or indecent conduct on University property or at University-sponsored or supervised activities.
8. Hazing, defined as initiation rites involving physical abuse or mental anguish.
9. Illegal creation, processing, cultivation, brokering, or possession of controlled substances on University-owned or controlled property or at University-sponsored activities. Controlled substances shall be as defined in chapter 475 of the Oregon Revised Statutes, as amended.
10. Possession, use, or threatened use of firearms, ammunition, explosives, dangerous chemicals, or any other objects as weapons on University property or at University-sponsored or supervised activities except as expressly authorized by law or University regulations. Possessing a concealed weapons permit does not constitute such authorization. The otherwise lawful possession of a firearm inside a dwelling unit of a University of Oregon Family Housing facility by a person lawfully dwelling therein is not covered or prohibited under this offense.
11. Possession or consumption of alcoholic beverages by persons under 21 years of age on University-owned or controlled property or at University-sponsored or supervised activities. Consumption or furnishing of alcoholic beverages by those or to those persons at least 21 years of age is permissible only in such areas as the president may designate.
12. Disorderly conduct (including that resulting from drunkenness), unreasonable noise, or behavior that results in unreasonable annoyance.
13. Tampering with fire-fighting equipment, turning in a false alarm, or engaging in behavior that constitutes a significant fire hazard.
14. Failure to comply with the directions of University or public officials acting in the performance of their duties on University owned or controlled property or at University-sponsored or supervised activities when such conduct constitutes a danger to personal safety, property, or educational or other appropriate institutional activities on such premises.
15. Unauthorized entry into University-related living units that disrupts sleep or study or that damages the physical facilities in those units.
16. Failure to comply with the terms of any disciplinary sanction imposed in accordance with the Code of Student Conduct.
17. Violation of regulations or any other standards of conduct approved by the Student Conduct Committee, provided they have been published, distributed, or posted in such a manner as to furnish adequate notice to students.**
18. Contempt of adjudicative proceedings, including impairing or interrupting the due course of proceedings in the presence of any tribunal created under this code.
19. Harassment on University property or at University sponsored or supervised activities, because of another person's race, color, gender, national origin, age, religion, marital status, disability, veteran status, or sexual orientation, or for other reasons accomplished by (a) Intentionally subjecting another person to offensive physical contact other than self-defense, or (b) Specifically

insulting another person in his or her immediate presence with abusive words or gestures when a reasonable person would expect that such act would cause emotional distress or provoke a violent response.

20. This section details the offense of sexual misconduct.

(a) Sexual misconduct, an offense the University of Oregon recognizes as an act of violence, is committed when a student initiates a sexual act as described in subsection (c) of this section when the act:

(A) materially interferes with another persons's academic performance or participation in university-sponsored or supervised activities, or performance of university employment; or

(B) is committed on university-owned or controlled property, or at university-sponsored or supervised activities; or

(C) demonstrates reasonable threat to the health or safety of the campus community or the alleged student survivor.

(b) Sexual gratification or pleasure of any party involved is not relevant to an offense in this section.

(c) The following are sexual misconduct offenses:

(A) Rape is an offense committed by a student who engages in penetration of another person, or who causes the penetration of another person, and who: (i) does not first obtain explicit consent from that person or (ii) knows or should have known the person was incapable of consent by reason of mental disorder, mental incapacitation, or physical helplessness.

(B) Sexual Assault is an offense committed when a student subjects another person to sexual contact without having first obtained explicit consent or when he or she knows or should have known the person was incapable of consent by reason of mental disorder, mental incapacitation, or physical helplessness; and when a reasonable person would know that such contact would cause emotional distress.

(d) The following definitions apply to this offense:

(A) "Explicit Consent" means voluntary, non-coerced and clear communication indicating a willingness to engage in a particular act. "Explicit Consent" includes an affirmative verbal response or voluntary acts unmistakable in their meaning.

(B) "Penetration" means any degree of insertion, however slight, of the penis or any material object into the vagina or anus.

(C) "Sexual Contact" means the touching of the genitalia, anus, buttocks, or breasts of a person or causing such person to touch the genitalia, anus, buttocks, or breasts of another.

(D) "Mental Disorder" means that a person suffers from a mental disease or disorder that renders the person incapable of appraising the nature of the conduct of the person.

(E) "Mental Incapacitation" means that a person is rendered incapable of appraising or controlling the conduct of the person at the time of the alleged offense because of the influence of a controlled or other intoxicating substance or because of any other act committed upon the person without the consent of the person.

(F) "Physical Helplessness" means that a person is unconscious or for any other reason is physically unable to communicate unwillingness to an act.

21. Stalking, defined as repeatedly contacting another person when (a) the contacting person knows or should know that the contact is unwanted by the other person, and (b) the contact causes the other person reasonable apprehension of imminent physical harm or the contacting person knows or should know that the contact causes substantial impairment of the other person's ability to perform the activities of daily life. As used in this subsection, "contacting" includes but is not limited to communicating with or remaining in the physical presence of the other person.

22. Prohibited discrimination, discriminatory harassment and sexual harassment as defined relevant to student conduct in OAR 571-03-025.

*Prohibited conduct also includes that accomplished by electronic (computerized) means.

**Other regulations include university rules on sexual harassment, living group alcohol, and residence hall, fraternity and sorority policies.

Group Offenses

Living organizations and registered or recognized student groups are responsible for compliance with the Code of Student Conduct and with University policies on discrimination. A group offense is involved when a member of a group, with the knowledge and consent of group officers or in concert with at least four other members of the group, has violated the Code or University policies on discrimination.

II. Sanctions

With concurrence of the Director of Student Judicial Affairs, a student charged with violation of one or more of the foregoing sanctionable offenses can elect to have the matter resolved through either formal or informal procedures.

A conviction reached through formal procedures may incur any of the following sanctions or a combination of them. Informal procedures may incur one or more of the last six sanctions enumerated below.

1. Expulsion. Student status is severed permanently.

2. Suspension. Student status is severed for a specified period.

3. Negative notation on transcript. Entry of the fact of violation on the student's permanent academic record for a period of time.

4. Revocation of degree. An academic degree previously awarded by the University may be revoked on proof that it was obtained by fraud or that a significant part of the work submitted in satisfaction of requirements for the degree was plagiarized.

Student Conduct Code

5. Disciplinary probation. Participation in University life by individual students or student organizations is placed on probationary status with or without loss of designated privileges.

6. Restitution. The student or student organization is required to replace or restore damaged, stolen, or misappropriated property.

7. Community service or educational activity. The student or student organization is required to render a designated number of hours of labor in the service of the University or municipal community.

8. Loss of privileges. The student or student organization is denied specified privileges normally associated with student status.

9. Conduct reprimand. The student or student organization is given written notice that the conduct in question is inconsistent with University regulations or policies and is informed that future violations of the Code may result in the imposition of more serious sanctions.

10. Suspended sanction. The execution of any sanction authorized under this Code may be suspended. When a sanction is suspended, (a) a time limit for the suspensory period shall be designated, and (b) subsequent violations of the code that will terminate the suspension and will result in the imposition of the original sanction shall be specified.

Group Sanctions

Living organizations and registered or recognized student groups may receive any of the foregoing sanctions and/or temporary or permanent suspension of the group's charter, recognition, or registration.

III. Procedures

Upon receiving a complaint or notice that a student has violated the Code of Student Conduct, the Director of Student Judicial Affairs shall notify the student, in writing, of the alleged violation and the need to meet with the Director to discuss the options for reaching a disposition of the case (informal investigation and resolution by the Director or a referee versus a formal hearing before a hearings panel).

If the student fails to meet with the Director, the student may be given notice of the date and method of resolution for the case.

Final disposition of charges may involve appeal procedures if the formal hearings process is elected. No appeal is allowed from informal procedures involving the Director or a referee.

Conduct cases may also be dealt with in minor tribunals created under delegated authority provided in the Code of Student Conduct. The minor tribunals enforce the Code of Student Conduct and other pertinent regulations and by-laws of the bodies they serve. At present, there are six area standard boards to handle cases which originate in the residence halls and a Greek Tribunal which hears cases arising within the fraternity and sorority systems.

Appeals channels exist for cases heard by minor tribunals. The Residence Hall Appeals Board is the appropriate appellate body for cases which originate in an area standards board. The Tribunal Appeals Board serves in a like capacity for cases appealed from the Greek Tribunal.

IV. Academic Dishonesty Cases

A. Student/Faculty Conference. *Upon the discovery of a suspected academic dishonesty incident—plagiarism, cheating, or knowingly furnishing false information to a faculty or staff member—the faculty member in whose course the incident originated shall promptly notify the department head of the incident of suspected academic dishonesty and, as soon as practical thereafter, schedule a conference with the student. This conference shall include a discussion of the option of having the case referred directly to the Director of Student Judicial Affairs and, if appropriate, a discussion of the alleged incident and supporting evidence. If the case is referred to the Director of Student Judicial Affairs, the referral must be made no later than two weeks after that conference; see section C. below.*

1. In the event the student is unwilling to confer with the faculty member or is unable to do so within a reasonable time period, the case may be referred to the Director of Student Judicial Affairs for resolution.

2. If, for some reason, the faculty member is not available for a conference with the student, the case may be conducted by the faculty member's department head or dean of the college or school, or referred for resolution to the Director of Student Judicial Affairs.

B. Non-Contested Cases. *If the student admits to the academic dishonesty incident, the faculty member shall impose, within the context of the course in which the incident originated, an appropriate academic sanction up to and including an N or F. Written notice of the sanction or resolution without sanction shall be given the student and reported as provided in Rule 571-21-068(4). If, in the judgment of the faculty member, further disciplinary action is warranted, the report to the Director of Student Judicial Affairs shall so indicate. The student may appeal the academic sanction to the faculty member's department head and, ultimately, to the dean of the college or school in which the incident originated.*

C. Disposition of Contested Cases. *If a student denies the academic dishonesty incident of which he or she is accused at the student/faculty conference, the student may and the faculty member shall, not later than two weeks after the date of that conference, make a written referral of the case to the Director of Student Judicial Affairs for resolution.*

(a) If there is a finding that the student engaged in academic dishonesty, irrespective of any disciplinary sanction imposed, the faculty member responsible for the context in which the academic dishonesty took place shall assign an appropriate grade.

(b) If there is a finding that the student did not engage in academic dishonesty, no academic sanction may be imposed.

D. Dropping or Withdrawing from Course. *The department head, on receipt of notice of an incident of suspected academic dishonesty, shall take such steps as appropriate to prevent the student from dropping or withdrawing from the course, pending disposal of the incident as provided in either section 571-21-068(2) or section 572-21-068(3). If the incident results in an award of the grade of "N" or "F" as a final grade for the course, the student shall not be permitted to drop or withdraw from the course. If no sanction results, or if the incident does not result in an award of the grade of "N" or*

"F" as a final grade, the student shall be free to drop or withdraw from the course by processing the drop or withdrawal notice at the later of (i) the expiration of the drop and withdrawal deadline for the course, or (ii) five business days after receipt by the student of notification of sanction or termination of the incident without sanction.

E. Reporting Academic Dishonesty Incidents. *Members of the faculty are required to file a written report of each academic dishonesty incident with their respective department head, dean of the college or school, and Director of Student Judicial Affairs. These reports shall be treated as confidential and retained for record-keeping purposes and to administer a centralized file for repeat offenders, as provided by the Student Records Policy.*

V. Defense Services

A student may conduct his or her defense personally or with the assistance of a representative.

At the conference with the Director and at a hearing before a referee, the student may be represented by a member of the Oregon State Bar, or by law students acting under the supervision of a member of the Oregon State Bar, in accordance with Oregon Supreme Court rules, by any member of the faculty or administration of the University or by any person subject to the provisions of the Code of Student Conduct. In the event of a hearing before a hearings officer or by the University Appeals Board, representation of a student may be only by a member of the Oregon State Bar, or by law students acting under the supervision of such member, in accordance with Oregon Supreme Court rules.

The student may wish to consult the ASUO Office of Student Advocacy or the Office of Student Conduct regarding the availability of defense services.

Complete copies of policies, of which only summaries appear here in some instances, are available for examination in the offices of all directors, department heads and deans, and in the offices of the Registrar, Academic Advising, Student Life, University Housing, the Associated Students of the UO (ASUO), and on the World Wide Web.

Selected UO Policies

Winter 2004

113

Equal Opportunity and Non-Discrimination

The University of Oregon affirms and actively promotes the rights of all individuals to equal opportunity in education and employment at this institution without regard to race, color, sex, national origin, age, religion, marital status, disability, veteran status, sexual orientation, or any other extraneous consideration not directly and substantively related to effective performance. This policy implements all applicable federal, state, and local laws, regulations, and executive orders. Direct related inquiries to the Office of Affirmative Action, 5221 University of Oregon, Eugene, OR 97403-5221; telephone 541-346-3123.

The University of Oregon affirms its commitment to a fair, humane, and respectful environment for all members of the University community. While the University has no desire to regulate the private lives of consenting adults, sexual harassment of students, faculty, or staff by other members of the University community is unacceptable conduct and is prohibited both by law and administrative rule. The University believes that unwelcome sexual activity induced by persons abusing positions of economic, supervisory, or academic power is inherently undesirable and oppressive. This is so whenever there is any credible potential for influencing benefits or detriments (depending upon acquiescence or resistance) to the person who is the target of the inducement. By promulgation of administrative rules the University reaffirms its commitment to equal educational and employment opportunities for all.

Grievance Procedures

The Associated Students of the University of Oregon (ASUO) has established the Office of Student Advocacy (OSA) to provide information, assistance, and representation for students regarding University related grievances, problems, policies, or procedures. The following procedures and campus resources are available to students directly or with the help of OSA:

If a student is accused of violating the student conduct code, OSA can provide assistance, defense, and representation as long as the complaining party isn't another student.

If a student experiences sexual harassment or prohibited discrimination on the part of faculty or staff, OSA can counsel the student on various options for remedial action. OSA will advocate for the student through either informal or formal complaint procedures, mediation, or negotiated resolution.

If students question the final grade received in a course, they may petition for a grade change or file a grievance through the department. OSA also can help students request exceptions to undergraduate degree requirements or other academic regulations, such as late course adds or withdrawals. The office of Academic Advising and Student Services (AA/SS) can also assist with some of these procedures.

Other concerns about the actions or misconduct of faculty or staff may be grieved through the Student Grievance Procedure with OSA assistance. OSA can also assist students experiencing problems with financial aid, University Business Affairs, University Housing and other campus offices.

Graduate students who have grievances against their departments or administrative offices may consult with the Dean of the Graduate School (541-346-5129), for information about Graduate School grievance procedures. OSA also assists with these grievances.

Student employees, including GTFs, with complaints based on their employment situation may first try to settle the problems with their immediate supervisors. If that fails, and a union has a contract in the area of the employment, the problems should be reported to the union representative(s). If there is no union in the area of employment, the problems may be reported to those persons who employ the supervisors. For more specific information contact the OSA.

Students who encounter discrimination or harassment on the basis of race, color, sex, national origin, religion, age, disability, marital status, or sexual orientation should contact the Office of Affirmative Action, 474 Oregon Hall (541-346-3123). A staff member will explain the complaint procedures and other resources, formal or informal, that are available. OSA can provide advocacy services through any chosen process. Retaliation is prohibited by law and University policy.

The Office of Student Advocacy, 334 EMU (541-346-3722) is an ASUO program that provides advocacy for students having problems with the institution. Some kinds of legal assistance are available at no additional charge to UO students through ASUO Legal Services division (541-346-4273).

Use of Computing Resources

Computer programs, other than those in the public domain or legitimately circulating as shareware, are protected by the Federal Copyright Act. Virtually all commercially available programs are also registered with the Federal Copyright Office. Typically, when one "buys" a program, one really obtains a license to keep and use that program in a single location with permission to make one back-up copy. Making additional, unauthorized copies of software protected by copyright violates federal law. It may even violate federal law to use a program on more than one computer in a network, absent a license provision authorizing such use.

Damages awarded to a successful plaintiff in a copyright infringement lawsuit can range from a few hundred dollars to up to \$100,000 per infringed work in certain cases of willful infringement. It is the university's policy to fully comply with copyright laws in the acquisition and use of computer software. Thus, in addition to possible civil damages, student employees can certainly be deemed insubordinate and performing in an unsatisfactory manner if they make or knowingly use unauthorized copies of computer programs. A student who made an unauthorized copy of a program in the possession of the university would also have violated the Student Conduct Code.

When you use computing and network resources at the University of Oregon, that use is subject to provisions covered by the University Student Conduct Code. Unauthorized uses of computing resources may constitute a breach of the Student Conduct Code and will be referred to the appropriate authorities. Copies of the university's "Acceptable Use of Computing Resources" handout are available from the Computing Center Documents Room, 175 McKenzie Hall, or on the web at http://cc.uoregon.edu/policy/acceptable_use.html

Student Medical leave (571-23-005 et seq.)

This policy describes the procedures to be followed if a student wishes to be placed on medical leave from the University. Also specified are the procedures to be followed for possible mandatory medical leave when the Office of Student Life has reason to believe a student may have a serious medical or mental health disability which substantially threatens the welfare of the individual, other members of the University community or the educational processes of the institution. Director inquiries to the Office of Student Life, 164 Oregon Hall, 346-3216.

Restriction of Smoking (571-50-005 et seq.)

Smoking is prohibited in all classrooms, all areas or buildings where 'No Smoking' signs are posted, in all public gatherings such as movies, lectures, concerts, and school or college meetings, in all public places in the EMU, except in designated smoking areas, in all public offices, in elevators, restrooms, stairwells, foyers, and University vehicles, in all exterior seating areas and aisles of Autzen Stadium, Hayward Field, and Howe Field.

Animal Control (571-50-025 et seq.)

To protect public health and safety, the University does not permit animals in its buildings. Unattended or unleashed domestic animals are not permitted on the property of the University. Exceptions are dogs trained to assist the disabled, dogs authorized by permit issued by the Department of Public Safety, or animals used for authorized research projects or experiments.

The Department of Public Safety will call a animal control agency to remove and impound unattended or at-large animals.

Roller Skates and Skateboards (571-50-020 et seq.)

Use of roller skates, roller blades, and skateboards within buildings or structures of the University is prohibited. Exceptions may be made for University sponsored and supervised programs with written approval from the Department of Public Safety. Building managers, deans, department heads and directors, and campus security officers may direct individuals to cease the activity or to leave the premises.

The university is concerned about the intellectual, physical, and

Alcohol, Other Drugs & the UO

114

Winter 2004

psychological well-being of all its students and employees. As a result, the university is fundamentally opposed to the use of illegal drugs and the abuse of alcohol and other harmful substances. It is the policy of the University of Oregon to try to prevent our students and employees from injuring themselves through the use and abuse of drugs and alcohol, and the university seeks to engage all members of its academic community in the fight to prevent drug and alcohol abuse.

These pages provide important information about drugs, alcohol, and the university's policies regarding these substances. Included is information on the health risks associated with abuse of alcohol and other drugs, the kinds of help available to those with drug and alcohol related problems, the university's policies related to drug and alcohol use, and the sanctions the institution may impose on those who violate these policies. State and federal laws applicable to the use and abuse of alcohol and other drugs are also presented.

University Housing Contract

Alcohol & Other Drugs Beverages

Possessing, consuming, or furnishing alcoholic beverages is prohibited in public areas, and in all areas of substance-free halls. Residents 21 years of age or older not living in a substance-free hall may consume alcohol in the privacy of their rooms with the door closed. All state and federal alcohol laws are in effect. Group activities where alcohol is being consumed are prohibited. Persons under 21 or individuals living in substance-free halls are prohibited from displaying and/or possessing alcoholic beverage containers within University Housing facilities or grounds. Detectable intoxication by residents under the age of 21 within the residence halls is prohibited.

Illegal use, possession, or furnishing of controlled substances on university owned or controlled property or at university sponsored or supervised activities is prohibited. Possession or use of drug paraphernalia is also prohibited in the residence halls. Drug paraphernalia includes "bongs," pipes, and other devices that may be used to facilitate the consumption of illegal drugs. Any paraphernalia will be confiscated. Narcotics and dangerous drugs shall be defined in accordance with the statutes of the State of Oregon and the student Conduct Code. Detectable intoxication by residents within the residence halls is prohibited.

Living Group Alcohol Policy

- No illegal drugs are allowed to be possessed or used on the premise of any registered organization, or knowingly permitted to be used at any organization event by any member or guest.
- Residence hall or greek funds cannot be used to purchase alcoholic beverages. Kegs are prohibited at any living group sponsored event, on or off campus.

Greek Alcohol and Social Guidelines

Students affiliated with university greek living organizations must also abide by the Interfraternity Council and Panhellenic Council "Alcohol and Social Guidelines." These guidelines may be found in the respective organization's constitution bylaws. The guidelines include:

- Section I (4), prohibiting group purchases of alcohol
- Section I (2), prohibiting the possession of illegal drugs on the premise of any registered organization prohibiting alcohol consumption that is not within state or local law.

Sanctions for Possession and/or Distribution

University of Oregon Sanctions

The Student Conduct Code states, "The Student Conduct code distinguishes its students' discipline role from the laws and functions of the larger society. Students, however, are by no means insulated from the law or relieved of the responsibilities of citizenship as a result of their student status." Disciplinary action and/or referral for civil prosecution may be initiated by the university. University sanctions are imposed against any student or student organization found guilty of violating the Code of Student Conduct. Disciplinary sanctions may include: expulsion from the university, restitution for damages, suspension from the university, community service, negative notation on transcript, loss of privileges, revocation of degree, conduct reprimand, disciplinary probation, suspended sanction, or educational activities and programs.

Student Financial Aid Policy

As more fully set forth in Section 5301 of the Anti-Drug Abuse Act of 1988, if you are convicted of drug distribution or possession, your eligibility for Title IV student financial aid is subject to suspension or termination.

State of Oregon Sanctions

Alcohol

- Minor in possession-any attempt to purchase by a person under 21 years is a violation (up to \$250 fine)
- Providing liquor to a minor-Class A misdemeanor (up to 1 year in prison and a fine, plus restitution and community service). Mandatory minimums: first conviction-\$350, second conviction-\$1000, third or subsequent conviction-\$1000 and 30 days

For the purposes of the Oregon DUII statutes, for a person under 21 years of age, any amount of alcohol in the blood constitutes being under the influence of intoxicating liquor (class A misdemeanor, penalty of up to 1 year and \$2,500 fine and suspension and/or revocation of driving privileges).

Under the Oregon Criminal Code, a person who commits the crime of false swearing, is a person who falsifies the information knowing that what they say is untrue. False swearing is a class A misdemeanor. Anyone purchasing a keg using a false name or any other deceitful information shall be subject to this definition.

Illicit Drugs

In Oregon, penalties for possession and distribution are determined by the Controlled Substance Schedule upon which the drug appears. Examples from the drug schedules appear below. (Note: Most drugs appear on the same federal and state schedule.)

Schedule I	Heroin, LSD, Marijuana, Peyote, Mescaline, Psilocybin
Schedule II	Opium, Cocaine, Methamphetamine
Schedule III	Amphetamine, Depressants, PCP
Schedule IV	Various prescription drugs
Schedule V	Other less dangerous prescription drugs and small amounts of certain drugs

Marijuana

Delivery for consideration (selling, dealing, or bartering)-Class B felony (up to 10 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money); delivery not for consideration (less than 1 oz.)-Class A misdemeanor (up to 1 year and up to \$2500); delivery not for consideration (less than 5 gm.)- violation (fine of at least \$500, but not more than \$1000); unlawful Possession (less than 1 oz.)-violation (fine of \$500-\$1000, plus twice the value of any resulting gain of property or money); unlawful Possession (more than 1 oz.)-Class B felony (up to 10 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money).

Schedule I Drugs

Manufacture or distribution (except marijuana)-Class A felony (up to 20 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money); unlawful possession-Class B felony (up to 10 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money).

Schedule II Drugs

Manufacture or distribution-Class B felony (up to 10 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money); unlawful possession-Class C felony (up to 5 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money).

Schedule III Drugs

Manufacture or distribution-Class C felony (up to 5 years and up to \$100,000 fine, plus twice the value of any resulting gain of property or money); unlawful possession-Class A misdemeanor (up to 1 year and up to \$2500 fine, plus twice the value of any resulting gain of property or money).

Schedule IV Drugs

Manufacture or distribution-Class B misdemeanor (up to 6 months and up to \$1000 fine, plus twice the value of any resulting gain of property or money); unlawful possession-Class C misdemeanor (up to 30 days and up to \$500 fine, plus twice the value of any resulting gain of property or money).

Alcohol, Other Drugs & the UO

Winter 2004

115

Schedule V Drugs

Manufacture or distribution—Class C misdemeanor (30 days and up to \$500, plus twice the value of any resulting gain of property or money); unlawful possession—violation (\$250 fine, plus twice the value of any resulting gain of property or money). It is unlawful for a person to manufacture or deliver a schedule 1, 2 or 3 controlled substance within 1,000 feet of the real property comprising a public or private elementary, vocational or secondary school attended by minors (class A felony, penalty of up to 20 years and \$100,000 fine). In addition, the court may order the defendant to pay the cost of prosecution, and the defendant's vehicle used in the crime may be forfeited to the state. Finally, the defendant may forfeit any property used in the crime to the county in which the crime occurred.

Federal Sanctions

The federal system establishes sanctions for possession and distribution of controlled substances, based on the schedule of the drug and the amount involved. However, in addition, the statutory sanctions for possession and distribution are subject to the "Sentencing Guidelines for U.S. Courts." Imposition of the guidelines may lead to higher offense levels and, thus, stricter penalties than otherwise indicated. Courts must make adjustments in the offense level for victim-related considerations, defendant's role in the offense, multiple counts, obstruction and acceptance of responsibility. Finally, the guidelines establish sentences for each offense based on the defendant's criminal history. Federal penal sanctions range from: Manufacture, distribution or trafficking of large amounts of heroin, cocaine, PCP, methamphetamine, Schedule I and II hallucinogens, marijuana, hashish, or any of their derivatives (30 years to life, regardless of the defendant's criminal history) to Possession of any Schedule III-V drug if defendant has lowest level or criminal history (0-4 months).

Further, if serious injury or death results from the crime, minimums of up to 10 years (serious injury) and 20 years (death), plus fines of up to \$4,000,000 may be added. These penalties may be doubled for defendants with past felony drug convictions. Finally, penal sanctions in the federal system are "real time," with reductions in sentences only for good behavior.

Students who have been convicted of a drug offense may be ineligible for federal financial aid.

Health Risks Associated with Use or Abuse

Tobacco and Nicotine

The Surgeon General has confirmed that tobacco use is the number one cause of preventable death in the United States. Smokers are more likely than nonsmokers to contract heart disease. Lung, larynx, esophageal, bladder, pancreatic, and kidney cancers also strike smokers at increased rates. Thirty percent of cancer deaths are linked to smoking. Chronic obstructive lung diseases, such as emphysema and chronic bronchitis, are 10 times more likely to occur among smokers than among nonsmokers. Smoking during pregnancy also poses risks, such as spontaneous abortion, preterm birth, and low birth weights. Fetal and infant deaths are more likely to occur when the pregnant woman is a smoker. Nicotine is both psychologically and physically addictive.

Alcohol

Low doses significantly impair the judgment and coordination needed to operate vehicles. Small amounts can also lower inhibitions. Moderate to high doses cause marked impairments in higher mental functions, and loss of memory and the ability to learn and remember information. High doses cause respiratory depression and death. Long-term consumption, particularly when combined with poor nutrition, can also lead to dependence and permanent damage to vital organs such as the brain and the liver. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described. Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation.

Cannabis (Marijuana, Hashish, Hashish Oil, Tetrahydrocannabinol)

Physical effects of cannabis include increased heart rate, bloodshot eyes, dry mouth and throat, and increased appetite. Use of cannabis may impair or reduce short-term memory and comprehension, alter sense of time, reduce ability to perform tasks requiring concentration and coordination, and impair driving ability. Motivation and cognition may be altered, making the acquisition of new information difficult. Marijuana, hashish, THC, etc., can also produce paranoia and psychosis. Long term use may result in possible lung damage, reduced sperm count and sperm motility, and may affect ovulation cycles. Cannabis can also be psychologically addictive.

Inhalants

(Nitrous Oxide, Amyl Nitrite, Butyl Nitrite, Chlorohydrocarbons, Hydrocarbons)

Immediate effects of inhalants include nausea, sneezing, coughing, nosebleeds, fatigue, lack of coordination, and loss of appetite. Solvents and aerosol sprays also decrease the heart and respiratory rates and impair judgment. Amyl and butyl nitrite cause rapid pulse, headaches, and involuntary passing of urine and feces. Long-term use may result in hepatitis or brain damage. Deeply inhaling vapors, or using large amounts over a short time, may result in disorientation, violent behavior, unconsciousness, or death. High concentrations of inhalants can cause suffocation by displacing oxygen in lungs. Long-term use can cause weight loss, fatigue, electrolyte imbalance, muscle fatigue, and permanent damage to the nervous system.

Cocaine (Crack)

Cocaine stimulates the central nervous system. Its immediate effects include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature. Occasional use can cause nasal irritation; chronic use can ulcerate the mucous membrane of the nose. Crack or freebase rock is extremely addictive. Physical effects include dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, tactile hallucinations, paranoia, and seizures. The use of cocaine can cause death by cardiac arrest or respiratory failure.

Stimulants (Amphetamines, Methamphetamines, Crank, Ice)

Stimulants cause increased heart and respiratory rates, elevated blood pressure, dilated pupils, and decreased appetite. Users may experience sweating, headache, blurred vision, dizziness, sleeplessness, and anxiety. Extremely high doses can cause rapid or irregular heartbeat, tremors, loss of coordination, and physical collapse. Amphetamine injection creates a sudden increase in blood pressure that can result in stroke, very high fever, or heart failure. In addition to physical effects, feelings of restlessness, anxiety, and moodiness can result. Use of large amounts over a long period of time can cause amphetamine psychosis that includes hallucinations, delusions, and paranoia. The use of amphetamines can cause physical and psychological dependence.

Depressants (Barbituates, Methaqualone, Tranquilizers)

Small amounts can produce calmness and relaxed muscles, but somewhat larger doses can cause slurred speech, staggering gait, and altered perception. Large doses can cause respiratory depression, coma, and death. Combination of depressants and alcohol can multiply effects of the drugs, thereby multiplying risks. Babies born to women who abuse depressants during pregnancy may be physically dependent on the drugs and show withdrawal symptoms shortly after birth. Birth defects and behavioral problems may also result. The use of depressants can cause both physical and psychological dependence.

Hallucinogens (PCP, LSD, Mescaline, Peyote, Psilocybin)

Phencyclidine (PCP) interrupts the functions of the neocortex, the section of the brain that controls intellect and instinct. PCP blocks pain receptors, and users can have violent PCP episodes resulting in self-inflicted injuries. Lysergic acid diethylamide (LSD), mescaline, and psilocybin cause illusions and hallucinations. The physical effects may include dilated pupils, elevated body temperature, increased heart rate and blood pressure, loss of appetite, sleeplessness, and tremors.

Narcotics (Heroin, Methadone, Codeine, Morphine, Meperidine, Opium)

Narcotics initially produce a feeling of euphoria that often is followed by drowsiness, nausea, and vomiting. Users may experience constricted pupils, watery eyes and itching. Overdoses may produce respiratory depression, clammy skin, convulsions, coma, and death. Addiction in pregnant women can lead to premature, stillborn, or addicted infants who experience severe withdrawal symptoms. Use of narcotics can cause physical and psychological dependence.

Designer Drugs (Analog of Fenatyl, Analog of Meperidine, MDMA, Ecstasy Analog of PCP)

Many "designer drugs" are related to amphetamines and depressants and have mild stimulant and depressant properties. Use can produce severe neurochemical damage to the brain. Narcotic analogs can cause symptoms such as those seen in Parkinson's disease: uncontrollable tremors, drooling, impaired speech, paralysis, and irreversible brain damage. Analog of amphetamines and methamphetamines cause nausea, blurred vision, chills or sweating, and faintness. Psychological effects include anxiety, depression, and paranoia. Analog of PCP cause illusions, hallucinations, and impaired perception.

Anabolic Steroids

Steroid users subject themselves to more than 70 side effects, ranging in severity from acne to liver cancer, including psychological as well as physical reactions. The liver and cardio-vascular and reproductive systems are most seriously affected by use. In males, use can cause withered testicles, sterility, and impotence. In females, irreversible masculine traits can develop along with breast reduction and sterility. Psychological effects in both sexes include very aggressive behavior, known as "roid rage," and depression. While some side effects appear quickly, others, such as heart attacks and strokes, may not show up for years.

U.S. Dept. of Education, (1989). What Works: Schools Without Drugs. (Rockville, MD: National Clearinghouse for Alcohol and Drug Information, 1989), pp 61-72. National Institute on Drug Abuse, NIDA Capsules, (Rockville, MD: Press Office of the National Institute on Drug Abuse, 1986).

AIDS, Alcohol, & Other Drugs

Alcohol and other drugs do not cause HIV infection or other sexually transmissible infections. However, alcohol and drugs are often major factors when people have unsafe sex. Alcohol and other drugs can impair judgment and limit your ability to communicate effectively.

Alcohol and some drugs (including cocaine, marijuana, and designer drugs) may damage the immune system itself, making individuals more susceptible to infectious diseases.

Note: The use of any substance used intravenously, with needle sharing, increases the risk of AIDS and Hepatitis B.

Information provided in Drugs, Alcohol, and the University complies with requirements for institutions of higher education as detailed in the Drug Free Schools Act Amendments of 1989, Public Law 101-226.

On Campus Assistance

Confidential assistance is available on campus for students concerned about their use of drugs or alcohol, or the use of these substances by friends or family. University Counseling Center (346-3227). Located on the second floor of the Health and Counseling Center building. The counseling center provides evaluation and treatment for drug and alcohol abuse; individual psychotherapy, counseling and crisis intervention; group therapy sessions for: adult children of alcoholics, recovery

Alcohol, Other Drugs & the UO
